

# Southwest Chicago Christian School

Pre-K through 12th grade Christian school offers a diverse curriculum to satisfy active learners and university bound. We have 3 campuses, each with approximately 300 students. Pre-K through 8th grade is at two campuses and one campus for grades 9-12. Classes and extracurriculars are too numerous to list. International students are welcomed by curious students and caring and committed teachers. Our academics are strong with Project Lead the Way in Engineering & Biomed and AP classes for college credits. Also unique are industrial arts and band/choir/arts. Each campus is spacious and located in a safe, suburban neighborhood, yet close to the city of Chicago, two international airports, top-notch hospitals and corporate giants.

Our own international student coordinator assists with compiling the paperwork for visa and coordinates class schedules and gives personalized attention to the international students. The on-campus counselors help with guidance counseling and to navigate the college search process and scholarship information. We accept students from all over the world and issue student visas.
