

[IF DOORKNOCKING] NO ONE HOME? DON'T FORGET TO LEAVE A FLYER!

CONNECT

Hi there, my name's [NAME]. I'm a local volunteer with the #StopAdani campaign. We're speaking with other locals to get your thoughts on Adani's coal mine.

Ask questions and build rapport, eg: Have you lived in the area very long?

CONTEXT

The Federal election is coming up. What will matter to you when you vote in the election? **[LISTEN]**

Acknowledge and relate: That's really interesting. I feel...

Segue to Adani and climate change: I'm also worried about climate change and the expansion of coal mining. Especially because we know coal is the biggest cause of climate change.

Have you heard about the Adani coal mine? What do you think about it? **[LISTEN]**

Acknowledge and relate: Totally. I'm concerned about Adani's coal mine because...

Adani are pressing ahead with their coal mine and we need our politicians to step in and stop it. The Liberal and Nationals support Adani's coal mine. Labor is on the fence, Labor refuse to say whether they support the coal mine or if they don't support the coal mine.

Our major parties won't stop Adani's coal mine. What do you think about that? **[LISTEN]**

COMMITMENT

The election means we have an opportunity right now to put the pressure on our local candidates. But we need to show our candidates that members of the community want them to commit to stop Adani's coal mine. That's why we have a Candidates Forum coming up on **[DATE, TIME, VENUE]**. The media will be reporting on it, so it's vital that we pack it out so that candidates can see that local people want to see action on coal and climate change. Can you make it along?
