

An Interlude: *BEYOND SKIES*

AN INTERLUDE BEYOND SKIES is NERØ's (technically) 3rd full album, but the 9th collection of songs to come out from the soloist. This album is a continuation of the concert series **A PRELUDE IN FIRE**, connected through their concepts. The album, heavily collaborated on, features 9 songs that are about fire, insanity, betrayal, love, and much more, wrapped in NERØ's signature sounds, but also with some experimental twists.

“ This has been a long time coming. After **EGO ADVERSUS**, I had a lot of time to think, which eventually resulted in me leaving the company I was signed under, to then set up my own label. It has been a rough year, and for a moment, I really wasn't sure if I was going to be able to put this album out before 2022. I'm so grateful for all the support I've had from so many amazing people in the industry, and most of all my friends, those who had my back when I felt like it was all getting too much. This includes my **NEROYALS**, obviously. Thank you from the bottom of my heart. I love you, and please enjoy listening! ”

THANKS TO

DYLAN KANG : At this point, you've become my ride or die in this industry. I can listen to you talk about your vision for hours, and time surely does fly whenever we're making music together. Thank you for your immense help these past months, and for allowing me to share your genius with the world!

ADORA : As always, working with you is pure joy. I often wonder where you can get your energy from, but trying to match it is really fun. You probably don't know this, but you got me through some hard days with your enthusiasm and spirit. Thank you, dearest.

SEOHARE : You are so incredibly talented, and I'm honored you wanted to work with me! I told you before: we should do this again. And I mean it! I'm definitely dragging you to the studio again to create something beautiful. Thank you for your trust in my ability to deliver your words.

TEDDY : You are just so cool. The way you just tackle a project and make it your own is admirable. This was our first time actually making a production, and if I wasn't too much of a pain in your ass with how many times I wanted to re-do Reason... I hope we can work together again!

LUCID : During our time working on Heaven, I was so close to throwing the whole thing in the bin and restarting from scratch. But thanks to your suggestions and reassurance, we now have a fully working song that definitely doesn't deserve a bin moment! Thank you for trusting me with your work, and I can't wait to see you make it so far!

CORE : Working with you, specifically on Ghost In The Night, was a blessing. Thank you for allowing me to sing your beautiful words, and I hope we can work together again in the future! You're going to make it big, I know it!

YEON : I remember the first time I met you. I thought: damn, this kid is talented! And I stand by what I said. You are insanely good at what you do, and you are going to go very far, if you allow yourself to. Thank you for the fun days in the studio! I'll make sure to let Paranoia shine on stage for you!

ZENN : I couldn't have made Sick what it is today without you, buddy. You are crazy talented, and all I can do is thank you so much for lending me your skills.

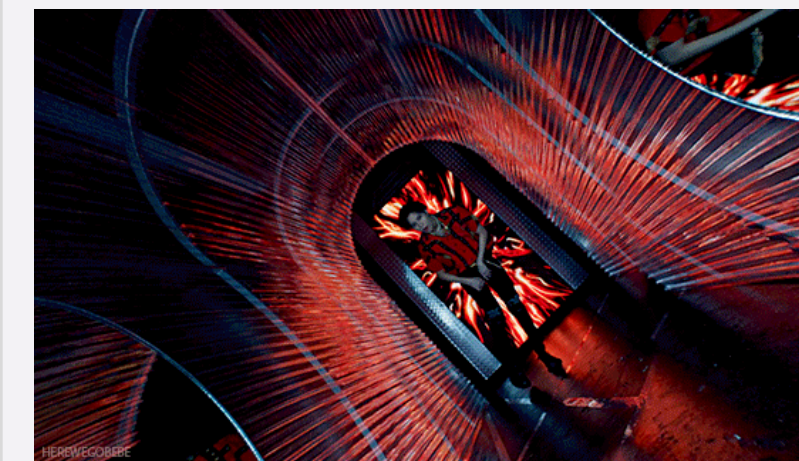

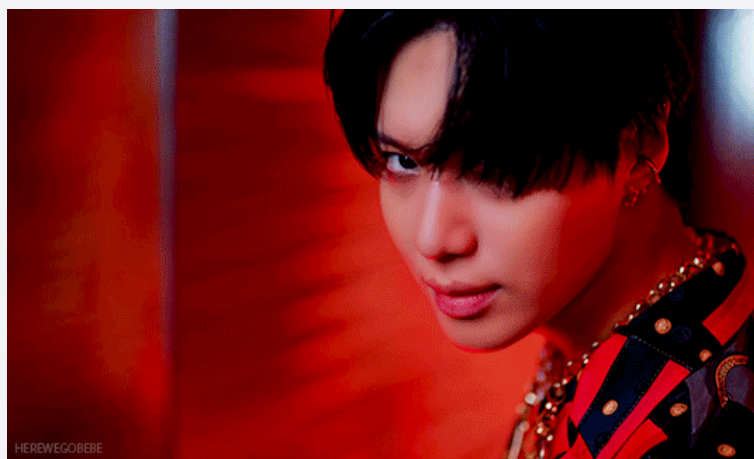

NAM JINAH : I want you to know that you made me use muscles I didn't know I even had during our practices! You've created such fun choreographies with me, I'm never going to tire of them. Thank you for your trust and hard work!

OOC NOTE

Hi! Thank you so much for checking out my kid's album, first of all! I hope you like it!

As always, I want to thank all of you who have participated on this album. Your muses are all so lovely and it means a lot to Taehyun and myself!

Special thanks goes out to **DYLAN'S MUN**, whose muse collabed with my boy so much that his name is plastered all over the album, which he deserves. Talking to you about all the songs was a blessing, dear. (<3!)
