Career Summary

Labourer | SB Civil Engineering

January 2005 - Present

During this time I have worked on a number of complex sewer and drainage systems on projects of varying sizes across London. I have advanced my specialist knowledge within this industry and I have worked closely with customers and members of the general public. At all times I have maintained a clean and tidy worksite and ensured compliance with health and safety.

Key Achievements

- Consistently meeting work schedules with the use of relevant drawings and instructions
- Instrumental in delivering a cost-effective, customer-oriented and high-quality maintenance service
- Working closely with customers and clients and providing a central link to communicate the progress of the project.

Construction Labourer | Pertemps Recruitment Agency

May 2000 - January 2005

I joined the agency on a temporary contract before being offered a permanent contract with a leading residential building company where I rapidly advanced my skills in a wide range of construction projects across the Greater London area. My routine responsibilities ranged from supporting the other tradesman on site and I ensured the relevant materials and tools were prepared prior to the start of each day. I maintained the highest levels of health and safety and I was responsible for cleaning down the site at the end of each day.

Key Achievements

- Utilised knowledge in the digging of trenches, laying foundations, constructing walls, fitting windows, painting and decorating, plastering and first and second fix carpentry.
- Ensured a detailed understanding of technical drawings and liaised with Architects when further clarification was required further enabling the timely completion of the project.

- Communicated and developed strong working relationships with a wide variety of trades personnel and sub-contractors and recognised for efficiency and accuracy throughout all stages of the project.

Apprentice Labourer | London College & Blackwell Builders

September 1998 - May 2000

I was enrolled on a 2-years apprenticeship whilst working as a Site Labourer for a local builder to develop skills and expertise. I worked on a number of projects including the refurbishment and complete fit-out of hotels, properties, schools and commercial buildings. I established myself as a hardworking and dedicated labourer and was frequently the first point of contact between customers and the project where I would communicate to them on any issues and the progress of the project.

Key Achievements

- Provided high-quality customer service on a consistent basis resulting in repeat requests and recommendations from customers.
- Worked as part of a productive and collaborative team to ensure the achievement of required targets and regarded for exceptional site organisation and time management skills.
