CAREER TECHNICAL EDUCATION (CTE) PROGRAMS OPEN HOUSES:

It's hard to believe, but this is the time of year that we start to prepare for next year course registration. Our district Career Technical Education (CTE) programs will be hosting open houses on the following evenings so that students and parents can visit programs of interest prior to submitting their course request for next year. This is particularly important for sophomore students as most programs are two years (junior and senior year). Please mark your calendars.
