FIGHT WRINKLES

Bounce® dryer sheets show wrinkles who's boss. Tossing a sheet in the dryer keeps clothes looking their best and reduces wrinkles from making embarrassing appearances at big meetings or important events

STOPS STATIC

Bounce® dryer sheets help prevent static build up that occurs in the dryer. Now you can look and feel your best because Bounce dryer sheets keep you virtually static-free.

FRESHENS AND SOFTENS

Bounce® dryer sheets give clothes a fresh and exhilarating scent straight out of the dryer. Plus, clothes feel noticeably soft. So long, stale laundry smell.

1 sheet = Small & Medium loads

2 sheets = Average loads

3 sheets = Extra Large loads

Toss in two Bounce® dryer sheets for your average loads to iron less, fight more static, repel more lint & pet hair, and add more softness & freshness. Catching up on laundry this week with an extra large load? Toss in three!

Just be sure to use a low heat setting on your synthetic fabrics. And if you happen to see random spots on clothes (sometimes a result of using a high heat setting), don't worry. Just rub with a bar of soap and then rewash the item in warm water.

Just a note: Bounce® is safe for all your machine washables, but should not be used on children's sleepwear or other garments labeled as flame resistant as it may reduce flame resistance. Please keep Bounce® out of reach of toddlers and pets to avoid accidental ingestion.
