

English Grammar Adjective For Class 2

Adjectives are one of the most essential English terms throughout the academic years of a student.

By definition, an adjective refers to a describing word that is used with a noun or a pronoun. Adjectives describe the noun or a pronoun and give more information about them.

CBSE class 2 English grammar adjectives are one of the most important tools in English grammar as they help students build and describe sentences adequately in the future.

If you are looking to understand **adjectives for kids** better, we have put together all the important information to help you learn adjectives better. In this article, we will be learning **adjectives for kids** in detail.

Introduction to Adjectives for Kids

Adjectives are the words that tell us more about a noun. These words either describe or modify a noun or pronoun in order to give a fair idea about their characteristics.

Adjectives can be used BEFORE a noun, like:

- A ***pink*** umbrella
- The ***naughty*** cats
- The ***dancing*** clouds
- The ***young*** men

Adjectives can also be used AFTER a noun, like:

- My umbrella is ***green***.
- Your cats are ***naughty***.

- The clouds are *dancing*.
- The men are *young*.

Adjectives are also used to MODIFY pronouns, like:

- These are not *expensive*.
- They are not paying *attention*.
- It looks *beautiful*.
- Their presentation was *appealing*.

Types of Adjectives

In the English language, there are 10+ types of Adjectives. However, as per the topic, **Adjective English Grammar for Class 2**, there are just six important adjectives types.

Let's get started with understanding each of them in detail.

1. Adjective of Quality

Descriptive adjectives (also called adjectives of quality) are defined as those words that are used to express the size, shape, colour, or any other feature of a person, thing, animal, or place.

As part of understanding **Adjectives for kids**, adjectives of quality allow us to add a particular attribute or trait to the nouns in our sentences in order to describe everything better.

Some of the common examples of adjectives of quality are:

- Look at that ***bright*** flower.
- He is a ***hardworking*** student.
- This scenery looks very ***attractive***.
- The ***cute*** puppy is coming toward us.
- This story is so ***fascinating***.

2. Adjective of Quantity

Adjective of quantity best answers the question - *how much?* Rather than giving an exact number, the adjective of quantity tells us only about the number of nouns in relative or whole terms.

Some of the common examples of adjectives of quantity are:

- They are ***very*** humble.
- A ***few*** students are present.
- I had ***enough*** rice during lunch.
- There are so ***many*** solutions to this maths problem.

- Only a ***few*** people attended the concert.

3. Demonstrative Adjectives

Demonstrative adjectives are those adjectives that are used to specifically describe the position of someone or something in space or time.

Simply put, demonstrative adjectives point to a particular person or thing.

Usually, the most commonly used demonstrative adjectives are ***this, that, these, and those***.

Some of the most common examples of demonstrative adjectives are:

- ***Those*** years were fun.
- ***This*** car is really fast.
- I own all ***these*** houses.
- I remember ***that*** day was a Sunday.

4. Adjective of Number

An adjective of number is a kind of adjective that tells us the exact amount of something in a sentence.

An adjective of number is different from an adjective of quantity as the adjective of number gives us the exact number of something in a sentence. On the other hand, an adjective of quantity just tells us about the quantity in a relative or whole term. They are used for countable and uncountable nouns alike.

Adjectives of numbers refer to things in a sentence that can be counted.

Some of the common examples of the adjectives of numbers are:

- There is **one** slice of pizza in the box.
- Can you make **ten** copies of this?
- This house has **four** gates.
- You are the **first** person to arrive.

5. Interrogative Adjective

An interrogative adjective is one that we use to ask questions. They point the question towards the noun so that the answer describes the noun.

The only interrogative **adjectives for kids** are **whose, what, why** and **which**. The other wh interrogative words do not come under interrogative adjectives.

Some of the most common examples of interrogative adjectives are:

- **What** is your favorite colour?
- **Why** isn't the bus coming?
- Did you find **whose** wallet it was?
- **Whose** home is the nearest?
- **Which** way do you think home is?

6. Possessive Adjective

Possessive **adjectives for kids** show two nouns, one of which is the owner of the other.

If we look at the first example given below, the word 'your' shows that you are the owner of the party and the party is in your possession.

These are mostly used at the start of the questions and provide answers about the noun in the question.

Some of the most common examples of possessive adjectives are:

- This is **your** party.
- **His** test results came in.
- The pigeon is **feeding** her babies.
