

Hydro Dermabrasion & Oxygen Treatment \$70.00 or 4 for \$200

An excellent crystal free alternative to microdermabrasion. Combining the power of chemical and mechanical exfoliation, this process breaks up the outer layer of the skin to reveal a smoother, more even texture. This procedure is gentle and very relaxing. It also uses an oxygen hand-piece to deliver serums to the skin.

The entire process takes only 40 min, and results such as softness and hydration will be evident immediately.

Benefits of Fluid Hydrodermabrasion:

- Diminishes the appearance of fine lines and wrinkles
- Helps repair sun-damaged skin
- Refines pores
- Encourages softer, smoother skin
- Reduces the appearance of scar tissue

***Hydrodermabrasion treatment includes an Oxygen infusion of your choice:**

OXYGEN INFUSION provides deep skin hydration with an intense flow of Oxy Serums to stimulate skin turnover, boost collagen production, increase skin elasticity, and infuse skin with minerals and vitamins.

OR

OXYGEN DUAL INJECTION: Deeply infusing and Plumping Dual Oxygen Injections performed with the serum of your choice. This step provides simultaneous plumping and deep skin infusion.

*** ADD ON TREATMENTS: Ultrasound, Radiofrequency, LED, Cryotherapy Globes, Gua Sha Facial Massage***

CRYOTHERAPY GLOBES \$5

Take your facial treatment to the next level. CryoGlobes are literally the coolest skin care tool to wake up your skin, reduce puffiness or just treat yourself to some calming relaxation. The globes glide effortlessly over the contours of your face for an instant radiance, restoring treatment.

Benefits:

- *Instant cooling effect to calm the complexion of the skin
- *Minimize redness or irritation
- *Visibly reduce puffiness
- *Stimulate circulation
- *Oxygenate the skin
- *Reduce the appearance of pores
- *Relaxes tense facial muscles

Gua Sha Facial Massage \$5

Gua Sha Facial Massage is a traditional Chinese massage technique that involves gently gliding a smooth, flat tool over the face in specific patterns to promote circulation, reduce puffiness, and encourage **lymphatic drainage**. This gentle, non-invasive massage helps relieve facial tension, improve skin elasticity, and enhance the complexion by stimulating the flow of blood and oxygen to the skin. By regularly practicing this technique, you will notice a more sculpted appearance, reduced fine lines, and a brighter, more rejuvenated look. It's also known to help release tight muscles, around the jaw, forehead and eyes, providing a soothing and relaxing experience.

Benefits:

- *Improves circulation
- *Reduces puffiness
- *Relaxes muscles and relieves tension
- *Improves product absorption
- *Sculpts and contours the face

If added on to Hydrodermabrasion **\$15 each (15 min)**

If standalone **\$30 each (30 min) or 4 for \$50**

ULTRASOUND

This technology promotes cellular renewal and repair, toning muscles, increasing blood circulation, encouraging lymphatic drainage, combating puffiness and swelling and improving skin care product penetration

RADIOFREQUENCY

A great modality for increasing collagen and elastin fiber production. As a result, it creates an immediate skin firming and lifting effect. It also stimulates damaged adipocytes (fat cells) to release fat into the bloodstream

LED

LED technology is a non-invasive treatment that utilizes three different wavelengths to help treat various skin issues. This light energy stimulates and increases cellular activity resulting in several positive changes and superior and lasting standalone results.

Red 640 - Anti-Aging

Increases skin cell activity, stimulates metabolism, boosts collagen

Blue 430 - Anti-Acne

Combats acne bacteria and helps to reduce inflammation

Green 495 - Soothing and Brightening

Known to have a calming and soothing effect on the skin, can also brighten the complexion by helping lighten hyperpigmentation, freckles and age spots.

Microdermabrasion \$ 42 or 4 for \$90

Microdermabrasion is a safe and effective form of advanced exfoliation designed to remove dead skin cells. Involves the use of a diamond-tipped wand that is used to slough away dead cells on the top layer of the skin, the exfoliated particles are simultaneously vacuumed away using the same wand.

The treatment is not painful and there is no recovery time. Your skin may be a bit pink afterward but this quickly fades. You're left with a smoother, softer face and healthier more youthful complexion immediately after the first treatment.

Benefits:

- Minimizing fine lines and wrinkles
- Lightening hyperpigmentation
- Softening superficial acne scarring
- Reducing pore size

Chemical Peel \$30

A chemical peel is a safe, affordable and effective cosmetic treatment involving the application of a chemical solution to the skin to remove the outermost layers of dead cells. This process stimulates the growth of new skin cells and collagen, resulting in a smoother, brighter and more youthful complexion.

A single treatment session is going to deliver a radiant glow to the skin. However, A series of treatments are recommended to achieve optimal results: Brighter, glowing, healthier skin without any downtime required.

Benefits:

Improve the appearance of superficial lines, and uneven pigmentation
For oily skin, it will help cleaning the pores and reducing acne breakouts

Microcurrent \$47

Is a non-surgical, non-invasive cosmetic technique that safely and effectively improves the health and appearance of the skin. Microcurrent can sculpt, relax and smooth wrinkles by re-educating the muscles. It's like yoga for your face! Adding a Microcurrent treatment to a facial regimen will help achieve tighter, clearer, healthier, hydrated and more youthful skin.

Benefits:

- Re-Educate Muscles is often referred to as a “non-surgical facelift”
- Diminished appearance of fine lines and wrinkles
- Penetrates Product for a hydrated and revitalized skin
- Improved skin pigmentation / Sun damage
- Clearer skin or reduces acne

Bottom line:

All these are quick, **economical** procedures that can target your specific skin care needs and make a noticeable difference in your skin's appearance, texture, and tone with practically no downtime.
