At ERM, sustainability is our business. As the largest global pure play sustainability consultancy, we partner with the world's leading organizations, creating innovative solutions to sustainability challenges and unlocking commercial opportunities that meet the needs of today while preserving opportunity for future generations.

Clients all over the world call on ERM to help them respond to complex sustainability ambitions like building business resilience, supporting the transition to a low-carbon future, or enabling progress on ESG priorities.

Our singular focus on sustainability, our range of services, and “boots to boardroom” approach ensure that we can work alongside our clients to address their most pressing challenges and opportunities, whether they require focused technical attention or full top-to-bottom strategy and solutions.

ERM has more than fifty years of experience operationalizing sustainability for clients. Our breadth and depth of expertise and ability to integrate solutions across organizations are why many of the world's leading organizations partner with us as their trusted advisors.

Established in 1971, The Group employs over 8,000 environmental, health, safety and risk professionals in the network of more than 150 offices, in over 40 countries throughout Asia, Europe, Australia, Africa, North and South America.

With a presence in Vietnam since 1998 and as Vietnamese entity since 2013, ERM's technical specialists have been successful in providing our clients with strategic solutions to a wide range of environmental, health and safety, and social management issues. ERM Vietnam provides services for key sectors as Financial Services, Power, Renewables, Power, Technology, media & Telecommunications, Chemicals, Oil & Gas, Manufacturing & Pharmaceutical and Mining & Metals.

Our clients face large, complex and volatile business challenges in every stage of their business: setting strategy, entering new markets, integrating acquisitions, planning and delivering capital projects, improving operational performance, or retiring assets.
