

Candidates for CD2 Congressional District Officers

Chair:

CJ Robinson

<https://robinsonfornc2chair.squarespace.com/>

I'm a full time political operative and am currently the 3rd Vice Chair for Congressional District 2 as well as a member of the Wake County SEC. I have been involved in politics since 2015. Over time I have worked my way up from volunteering to being a field director for a congressional campaign, and most recently campaign manager for Rodney Pierce and Lorenza Wilkins for NC House in 2024. I love this area. I believe in its people, I believe in its ability to organize at a high level, and I believe in its congressional leadership in Deborah Ross. I am asking for your vote to be your new District Chair because of my experience and knowledge of the party apparatus and because I truly believe that we have the best state party in the country.

Nick Long

Nick Long believes in a Democratic Party where everyone has a voice and feels respected. I served as First Vice Chair of the 2nd Congressional District Exec Committee from 2021 to 2023. As 1st Vice Chair, I was responsible for the hybrid District Convention, which was the largest hybrid Democratic meeting ever held in Wake County, with 200 attending in person and another 275 attending by Zoom.

I have just completed a term as the First Vice Chair of the Wake County Democrats, where I worked tirelessly to build collaborative teams and ensure accessibility. Responsible for precinct organizing and building, I led an effort resulting in over 180 organized precincts, with active leadership and regular meetings. In charge of large meetings, I drafted the Agenda and Rules of the Day for all of the County Executive Committee meetings and divided the county convention into a two day meeting.

Now, I am ready to lead as Chair of the 2nd Congressional District. A Morehead-Cain Scholar at UNC Chapel Hill (B.S. in Journalism and Political Science,,and a J.D.), my background equips me with the skills to navigate complex issues and deliver results. I have volunteered for the Democratic Party since 1972. I have been a candidate for the legislature, and served as a campaign manager for local and legislative candidates, and as treasurer for a candidate for Congress. I have previously served as Third Vice Chair of the 2nd Congressional District Executive Committee.

Nick has served in every office in the precinct and is currently the chair of Precinct 01-47.

- 1st Vice Chair

- 2nd Vice Chair

Henry Carson Jarrett

I have been in Wake County Democratic politics since I was a teenager and seen how much this county and state has changed. I want a party that reaches to those who feel left out of the conversation and a party that embraces the full diversity of the county. I want Wake to help the rest of the state turn blue and to take back the two legislative seats we lost in 2024.

- **3rd Vice Chair**

Vivian Osinowo

Vivian Osinowo has a passion for Christ and to serve others. A committed and loving wife, and an active and caring parent. I plan to work with you and the executive committee as a team to advance the Democratic party.

My journey in leadership started as a volunteer in the hospital and as a grassroots volunteer with Wake Dems. I knocked on doors with my family and phone banked to ensure that Democrats are elected up and down the ballot. As East Raleigh Area coordinator, I collaborated with the team to ensure 100% sign-up of precincts for PAM and two additional precincts got organized in East Raleigh compared to 2024.

As a Registered Nurse who advocates for patients, I am qualified to shed light on policies through publicity and be an influence to get out the votes for Democrats. Nurses have direct knowledge of the intricate challenges and gaps within the health care system. Through interactions with patients, I have witnessed firsthand the consequences of policy decisions on the delivery of health care, and voting is a way to advocate for policies that prioritize issues that can improve our lives.

I completed my Masters degree in Health Administration from Pfeiffer University NC, with honors. Having worked alongside an interdisciplinary team in the hospital, I saw a need for more Nurses in the workforce, I earned my Bachelor of Science in Nursing from the Duke School of Nursing.

I kindly ask that you elect me as your Third Vice Chair and thank you for the opportunity to serve.

- **Secretary**
