

Directions to the Berith Sholom Cemetery

Troy, NY

The Berith Sholom cemetery is located inside the Elmwood Hill Cemetery, off Route 66 in Troy.

- On GPS, "47 Belle Ave, Troy NY" will get you to the front gate of Elmwood Cemetery.

– OR –

- From Hoosick Street, turn right on 8th or 15th Street and follow it to its end at Congress St (Route 2). Turn left up the hill onto Congress/Route 2 and stay in the right lane. Follow signs and turn right onto Rte. 66 (Pawling Ave) -- this intersection is well-labeled and there is a traffic light. Two lights later, bear left onto Pinewoods, and then make an almost immediate left onto Belle. Belle leads directly into the cemetery.

Once in the cemetery, take an immediate right and continue down that road. The cemetery has two sections:

The original Berith Sholom cemetery is on your right after the second “cross-street” on your left, enclosed by a chain link fence. The new section is further on. It’s past the brick building, this time the second enclosed section on your left. There is parking and another gate around the far side of this section. Scroll down for a map.

For more information about our cemetery, see our website:
