## MinTech's *Daluyong* named 3rd Best Literary Folio

By Alvin R. Tan, UPRA

Cebu – The Mindanao Tech (MinTech), the official student publication of the University of Southern Mindanao, reaped recognition anew from the College Editors Guild of the Philippines (CEGP), the oldest and only-existing alliance of tertiary student publications in the Asia-Pacific.

*Daluyong*, the literary folio of Mindanao Tech, entitled "The Chemistry of Death" was named as the 18th Gawad Ernesto Rodriguez, Jr 3rd Best Literary Folio during the 77th National Student Press Convention held on March 6-10, 2019 at the University of the Philippines-Cebu. The 18th GERJ is presented to outstanding quality publications with focus on technical excellence and content.

"The Chemistry of Death" was the maiden issue of MinTech's official literary folio which was launched last year. It is a detective type novella about a fictional chemical tragedy set in campus. In an interview with *Daluyong*'s lead writer Marc Lorenz Bernalte, he said: "the novella was our bold attempt to offer something new to USM students through a suspense-filled story".

On September 14, 2018, "The Chemistry of Death" was also awarded by School Press Advisers Movement, Inc in Pampanga City as the 8th Most Creative Literary Folio Concept, 9th Outstanding Variety of Literary Works, and 10th Campus Literary Folio of the Year.

In 2016, MinTech was also recognized by CEGP as the 3rd Best Magazine in an awarding held in West Visayas State University. This recent win is MinTech's first award for 2019 and 49th national award since 2015 proving that Mindanao Tech is the most active and most awarded student publication in the region.

USM Vice-Chancellor Mr. Lloyd Anton Von Colita and Managing Editor Kenneth [Name] presided the awarding.

## USM NSTP joins 5th Integrative Disaster Risk Reduction International Conference

By John Baylon, NSTP

Borongan City, Samar – USM delegates headed by the NSTP Director Dr. May Eva Z. Garcia, CWTS Head Program Prof. John P. Baylon, ROTC Head Program Prof. Winnie T. Reyno, and CWTS Coordinators Prof. Clark I. Maarat and Dr. Martene E. Orfecio participated in the 5th International Conference on Integration Disaster Risk Reduction Management on September 4-7, 2018 at Eastern Samar State University, Borongan City, Eastern Samar.

The international conference with the theme: "Plan. Act. Live." addressed the issues and strategies in integrating disaster risk reduction and resilience into finding ways on how to develop quick and timely response to disasters.

The participants of the said conference were the different agencies, government employees, teachers, DRRM coordinators, heads of offices, and students.

The conference is a condensation of the

shared outlook of those who managed to survive the wrath and fury of Yolanda. These survivors are considered as one of the most resilient people on Earth.

The tautology, "Plan. Act. Live.", suggests a workable framework in dealing with some "inconvenient truth", of a chance to do it right, and of drawing insights from all the participants in this annual convergence or conference.
