

Logging into Chromebook to access Google Classroom

Before You Begin: Students will need their Google username & password. Parents can find this Google login information at the top of the student's page in their parent Powerschool account. It is labeled as Chromebook User Name/Chromebook Password. You can login to Powerschool at <https://hcsc.powerschool.com/public>

Locker Combination:

Power School Username:

Power School Password: *****

Chromebook User Name:

Chromebook Password:

Exp Last Week Thi

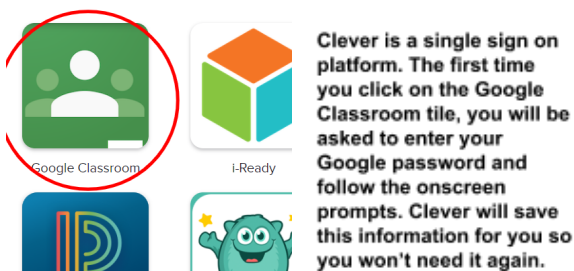

Step 1: Turn on your chromebook, enter your chromebook username in the box. Click next.

Step 2: Enter your chromebook password in the box. Click next.

Step 3: The very first time you access Clever, you may need to log in with your Google credentials (which are the same as your chromebook user name & chromebook password). Click on the box that says **Log in with Google**, then click on your name.

Step 4: You will then be directed to your Clever Dashboard. Your dashboard is where you will find access to all of the things you need, like Google Classroom.

Step 5: Scroll down until you see the Google Classroom tile. Click on the tile.

Step 6: Click on the tile for your Google Classroom. You may have more than one tile if you are enrolled in multiple classes.
