

San Antonio Math Include

Provide Greater Access to STEM Education to All Students

Jerryson J.

**Director of Culver, Indiana Chapter
Tutor
San Antonio Math Include**

Jerryson is a Class of 2025 at Culver Academies. Jerryson is a really friendly person but treats studying seriously. He plays JV basketball, golf, and the alto-saxophone for both the concert and marching band. He always brings positive energy and humor to the people around him. Now, Jerryson is taking Honor-Precalculus in his freshman year at Culver Academies, and he has a special and creative way of thinking about what studying is!
