My Goals Achieved

- **Generating Steve \$20k a month:**

After a month of fast, unrelenting hard work. Carrying out and adapting a detailed plan, maneuvering roadblocks, solving issues, and creating a tailored experience for every site visitor.

Steve gets 20+ visitors to the website a day, and 5+ calls a day on call scaler, an extra client a day, and as a result, an additional \$20k a month generated.

As a result Steve is pushed to 100% capacity for his client projects.

I get him on a call to check the revenue of the month and he is ecstatic. He's gotten +\$20k each month, totaling \$40k+. With consistency, he has essentially had his yearly revenue DOUBLED.

he wants to keep working with me and I set up a negotiation for 10% generated from my revenue.

Enabling me to get \$2000/mo

- **Becoming a Rainmaker:**

Once I complete my project with success, generating \$20k extra a month for Steve, I ask Steve for the well deserved testimonial. He is happy to give a gushing testimonial. My knowledge deepens, and my skills sharpen.

I open the real world, scroll to the "Apply for Rainmakers" channel. I begin writing my message in the wins channel. My experience and raw action transforms me into a seasoned professional admired and respected by peers

and sought after for advice.

- **Making \$5,000 a month**

After my first big win, I leverage the testimonial from Steve to land another computer shop in another state. I land him for \$500 a month (now earning \$2,500/mo) starting the day of the call.

Within a few weeks, I already double his monthly revenue. I grab a gushing testimonial from him and place it on my site.

I then set up a negotiation of 10% off of the revenue generated from my systems and funnels. He is happy to oblige.

My monthly income is now \$3,000

I begin to repeat this cycle, my skills sharpening and my knowledge getting deeper and deeper.

By November, I land another computer shop for \$700.

Using the same funnel and framework, I generate him double his revenue.

I then negotiate for 10%, he's happy to oblige

My monthly income reaching \$5,000/mo.

My Rewards Earned

- Indulging in a succulent T-bone steak, expertly seasoned and grilled to perfection, while surrounded by the elegant ambience of a prestigious restaurant. The laughter and conversation of my family blend harmoniously with

the soft clinking of fine cutlery and the gentle hum of sophisticated diners around us, creating a memorable, gourmet dining experience.

- I visit the local gun shop and purchase my first Smith & Wesson .45. The weight of it feels right in my hand... the red-blooded American in me feels liberated and powerful. Taking it to the range and firing the first shot exhilarates me with excitement and power. A Smith & Wesson Model 586 6" Barrel .357 Magnum Revolver.

Each piece, carefully selected and expertly tailored, showcases not just sartorial elegance but a deep respect for myself. This deliberate attention to detail bolsters my self-confidence, radiating a sense of competence and cultural sensitivity that's crucial for making impactful first impressions across a variety of professional and social settings.
- Discipline is self-respect.
- I maintain a well-groomed appearance that sets a standard of trustworthiness and competence. This consistent attention to my presentation conveys a strong sense of health,

hygiene, and dedication, enhancing my persona as a magnetic figure in negotiations and networking.

- I carry myself with a posture that projects confidence and authority. My presence in any room is immediately recognized; my body language—open, purposeful, and poised—clearly signals leadership and accessibility. Whether I am leading a team, engaging in a critical discussion, or navigating a social gathering, my expressive, confident movements and the clarity of my non-verbal communication ensure that I am both respected and approachable.

My Day In The Life Stories.

I wake up early, refreshed from a full night's sleep. The room still dark. I feel a sense of calm and control over my life. I perform my morning prayer, feeling grounded and connected,

reaffirming my core values of Mastery, Brutal Determination, and Hard Work. I quickly get to the floor and crank out the first 50 pushups. I'm dressed in well-fitted clothes, which make me feel confident and respected. As I look in the mirror, I see a man who is the head of his bloodline, the king of his kingdom.

My daily checklist is clear in my mind as I sit down in my home office. The space is organized and exudes a sense of power and discipline. *I feel focused and driven as I start tackling each task.* Each power up call energizes me more, pushing me closer to my goal of getting my client \$10k and business. My posture is straight, my gaze firm. When I speak, it's with conviction and authority.

After a productive morning, I hit the floor. My body moves with precision and strength through each set of burpees. I feel dauntless, unstoppable. Post-workout, I'm back to work, following up on prospects, and analyzing businesses. My actions are in perfect alignment with my words; I am doing exactly what I said I would do. The thrill of getting closer to generating \$10K in revenue for a client keeps me focused. Keeps me driven.

As the evening sets in, I review the day's achievements against my checklist. Satisfaction fills me; another day of promises kept, another day closer to earning \$10k a month. I spend some time with my family over dinner, discussing our days. We're at a prestigious restaurant, enjoying a T-bone steak, celebrating my recent successes. Their pride in my achievements is clear and adds to the joy of the meal.

Before bed, I spend time visualizing my next day, my next victory. I see myself traveling to a new country, a new city exploring and experiencing different cultures—a reward for my hard work. The feel of my upgraded laptop is real in my mind, the feel of the Smith and Wesson .357 and its weight real in my hand. As I drift off to sleep, I am content, ready to rise again tomorrow and chase my dreams with relentless energy.

After joining the War Room, I set up a flight to Las Vegas. I meet up with Andrew Bass in person. We shake hands, he's proud to see me come from the agoge program and offers a drink and a chat. I am grateful as the room is filled with high-performing men that shake the world. Good people that achieve success for their lives and their families. I finally have a network of winners. Real brothers. No longer in the slums of the ghetto and the lazy.

I take a moment to remember how I was broke. How I had NOTHING in my account. I couldn't even buy a meal for myself. Not even a piece of fruit. I take in the fact that I am around the men and brothers that I have been looking for. The people who have my ambitions and standards of living.

CONQUEST PLANNER

Step 1: What Is Your Target Outcome? Why is it important?

What is your target outcome? (e.g., "Launch a successful online business within the next year")

MY OUTCOME → Generating 20 New Clients A month for Steve (generating \$10,000 extra a month for Steve) → gives me \$1000 a month

Step 2: How Will You Measure Your Progress Towards Your Target Outcome?

How will you know when you've achieved your outcome and how will you measure it? (e.g., Revenue generated, number of customers acquired, website traffic, etc.)

[Insert your answers here]

How will I measure my progress? -

- Clicks on Facebook Ad funnel — Meta pixel and analytics
- Amount of Visitors on website — Google Site Kit
- Hotjar — customer activity
- CallScaler — Amount of calls made with the new number
- Reviewing the monthly revenue with Steve
- Reviewing the amount of calls from the GBP a day — email or GBP profile

What will it look and feel like? -

- The typical revenue generated a month is \$25k.
- After my work and the funnels and ads, the revenue will hit \$30k- \$35k

- I will be on a call with Steve while reviewing all of the data up against the revenue for the month.
 - 5+ calls a day on call scaler
 - 20+ visitors to the website a day on G site kit
 - 20+ Recordings a day on HotJar of people navigating the website
 - 5+ people clicking on the ad a day
 - 5 new emails gathered a week from the Facebook Ad
 - 5 custom PC question form submissions a week
 - Steve and his team expertly close sales calls with potential clients with professionalism, good tone, and with ease.
 - Steve will be excited on the call after seeing that I have generated him an extra \$5k — \$10k for the month and wants to keep working with me to expand.
 - I receive a gushing testimonial as a result and get a bigger and better client.
 - I will feel powerful, capable of generating \$10k for my client with my knowledge and my skills as they deepen on the call.

What will it allow me to do after I reach it? -

- After I reach my goal, I will be able to leverage Steve's gushing Testimonial to land a bigger and better client. — upping my monthly income to \$2000/mo
- It will also confirm that I know what to do in the marketing business and that I am capable of generating money for my clients.

Step 3: How Close Are You To Your Outcome From Your Current Position?

Describe your situation in detail. Where are you currently in relation to your outcome?

[Insert your answers here]

Where am I now? -

HotJar — 6 recordings

G Site Kit — 8 visitors

CallScaler — 1 call

GBP calls — 2 (June 24, 2024)

- Ads now running
- Ad funnel is not complete —
 - connect Brevo to site
 - create the welcome sequence (5 emails)
- Site funnels are incomplete for
 - PC repair
 - Mac repair
 - Macbook repair
 - iMac repair
 - all in one repair
- I have 14 days left to get results
- No social media content being made

Step 4: What Are Your Checkpoints Towards Your Outcome?

What checkpoints do you need to achieve between your current position and your ultimate outcome? Break down your big result into smaller, actionable steps.

For example, if your goal is to launch an online business:

- Checkpoint 1: Conduct market research
- Checkpoint 2: Develop a business plan
- Checkpoint 3: Create a website

[Insert your answers here]

MY OUTCOME → Generating 20 New Clients A month for Steve (generating \$10,000 extra a month for Steve) → gives me \$1000 a month

- Checkpoint 1: Develop a plan
 - Checkpoint 2: Conduct DEEP MARKET RESEARCH using new template
 - Checkpoint 3: Complete the Custom PC Ad campaign funnel
 - Checkpoint 4: Complete the funnels for the other services
 - Checkpoint 5: Create a template for handling the sales calls for Steve and his team
 - Checkpoint 6: Create captivating social media content for organic growth
 -
-

Step 5: What Known Roadblocks Will You Face?

What potential roadblocks could hinder your progress toward each checkpoint towards your outcome? How can you counteract these factors? What do you “know you don’t know”? How can you close the knowledge gap? (e.g., Lack of time, financial constraints, technical challenges, etc.)

[Insert your answers here]

What potential roadblocks could hinder my progress? -

- July 15 — Flight to America (-1 day)
 - Prepare to review my copy and write down ideas for improving the performance of the funnels.
- \$100 Ad spend for a week may not be enough to generate the attention we want from Facebook
 - If I get some measurable results from the ads, I can convince Steve to pay little bit more.
 - I can make the ads hyper-efficient by analyzing the data and adjusting to be as effective as possible
- Time lost on Monday, Tuesday, and Wednesday. (minimum 1 hour to do work.)
 - I will schedule the most important task for those days that I can do in an hour.
 - I will set the expectation that I need at least 1-2 hours to do some work and keep my word on the time I said it will be done, or at the very least communicate that I will need more time before the determined time.
- Sunday right before I leave is spending the day with Brooke and her Family
 - Wake up extra early and spend an hour getting 1 important task done.

- House work everyday that takes about an hour to get done
 - I will schedule the housework for after the time that I do my G work. At 2 pm I will knock it all out.
- Evenings are reserved for Brooke and I
 - non-negotiable
 - I will get the most amount of work I can get done by waking up early at 4 am, getting 30 min of work in by 4.30. then spend the next 30 min with Brooke before she leaves for work. Then I am straight back to work when she leaves.
 - I will schedule the tasks that I need to complete with CLEAR DIRECTIONS
 - By 2 pm. My work day is OVER and I am 100% focused with Brooke. and my chores.
- Not enough time in order to complete the Ad funnel AND the site repair funnels
 - ONLY ALLOCATE TIME FOR THE MOST IMPACTFUL TASKS — THE AD FUNNEL
- I don't get the desired results for Steve soon enough and he brings the project to a full stop
 - I professionally apologize for the lack of results and leave on good terms. (I will be checking in 6 months from then)
 - I redirect and dedicate my time to pick up a 2nd client interested in working with me.
- The audience does not like the offer of the Free PDF guide
 - I will further my research and find out what would actually garner more of their interest

What do I know that I don't know? -

- I don't know how to make DIC, HSO, or PAS copy that converts
 - I will review my notes and good examples in order to make the copy I need to make.
- I don't know if the Ad is going to generate the clicks that I want it to
 - I will research why, getting a better understanding of the market and what would be the most helpful.
 - Change the headline
 - Change the image
 - Change the copy
 - I will look for successful copy ad examples and adapt the copy to my ad
- I don't know if my plan is going to work
 - I will carry out the plan, when something is not working, I am going to quickly adapt and adjust to the battle and keep my eye on my goal while adapting the plan to the new info

- I don't know if there are people out in San Antonio that are interested in getting a custom PC
 - I will conduct market research with competitors and see how often and how many people in San Antonio are getting custom PCs.
 - I don't know if the top 3 fascinations based off of my market research is accurate
 - I will test it and if the results don't come through, I need to conduct even deeper market research
 - I don't know what the reader is going to have to experience and feel in order to move on to the next step all the way up to purchasing.
 - I will review my notes on curiosity
 - Tao of marketing
 - live beginner calls for better info
 - Review successful funnels
 - deepen my market research in their top 3 frustrations and desires for the product
 - I will use the winner's writing process
 - Review other successful funnels and their trigger being used and adapt to my copy
-

Step 6: What Helpful Resources Do You Have?
