2. Shipping Policy

1. Service Coverage & Carrier Strategy

- a. **Domestic Shipping:** We offer nationwide shipping across all 50 states.
- b. **International Shipping:** Unavailable.
- c. **Cost-Optimized Routing:** To protect our customers' wallets, our team utilizes real-time rate comparison software across major commercial carriers (including USPS and UPS) to secure the lowest available transit rates for every package configuration.
- d. **Processing Time:** All orders require a short processing window prior to shipment. Standard processing time is **1-2 business days**, excluding weekends and holidays. High-volume periods or special-order items may require additional handling time, which will be communicated in chat before payment is finalized.
- e. **Carrier Transit Times:** Delivery timelines are determined solely by the carrier (USPS, UPS, etc.). Axia Trading Network is not responsible for delays caused by weather, carrier backlogs, incorrect addresses, or operational disruptions once the package has been accepted by the carrier. Tracking information will be provided for all shipments.

- f. **Address Accuracy:** Customers are responsible for providing a complete and accurate shipping address. Axia Trading Network is not liable for packages delayed, misdelivered, or returned due to address errors provided by the buyer. Packages returned to Axia Trading Network by the carrier due to insufficient or incorrect address data will be held. The buyer must cover the cost of a new shipping label to re-route the order. If a refund is requested instead, the original shipping fee will be non-refundable.
- g. **Lost or Missing Packages:** If a package is marked as delivered but cannot be located, the buyer must file a claim directly with the carrier. Axia Trading Network will assist with documentation but cannot issue refunds for carrier-confirmed deliveries.

2. Shipping Rates & Free Delivery Eligibility

- a. **Buyer-Funded Shipping:** Unless explicitly stated otherwise, all standard shipping, handling, and carrier fees are the sole responsibility of the buyer and will be calculated and added to the order total at checkout.
- b. **"Free Delivery" Catalog Designations:** Items eligible for complimentary shipping or drop-off will be explicitly designated with a "Free Delivery" tag within our product listings. If an item does not feature this specific tag, standard carrier-calculated shipping rates apply.

Tracking, Packaging, and Shipment Transparency

- a. **Tracking Number Issuance:** All shipped orders include a carrier-issued tracking number. This tracking number will be provided to the customer immediately upon label creation, allowing full visibility into the package's transit progress from dispatch to final delivery.
- b. **Optional Packaging Video Confirmation:** For customers who prefer an added layer of transparency, Axia Trading Network offers optional video confirmation of your items being packaged. Upon request, a brief packaging video will be sent directly through Facebook page messenger prior to shipment. This service is designed to provide peace of mind and ensure confidence in the accuracy and condition of your outgoing order.

3. Return Shipping & Logistics Fees

To maintain competitive pricing across our inventory, Axia Trading Network does not offer complimentary return shipping for standard returns (e.g., buyer's remorse, size exchanges, or changes of mind).

All return transit costs are the sole responsibility of the buyer. To facilitate a smooth return process, we offer two flexible options:

- **Option 1: Axia Trading Network-Generated Discounted Label (Recommended)** Upon return approval, our logistics team can generate a prepaid shipping label for you utilizing our corporate commercial carrier discounts. There is no upfront cost to you; the exact, discounted cost of this label will be transparently deducted from your final refund total.
- **Option 2: Self-Funded Shipping** You may select your own preferred shipping carrier. If you choose this method, you must pay the carrier directly and provide our team with a valid tracking number. Axia Trading Network is not responsible for lost or untracked return shipments managed under self-funded logistics.
- Regardless of the chosen method, return shipments must be accepted and scanned by the carrier within seven (7) business days of return approval to remain eligible for a refund.

3. Pickup Policy

Public Safe-Zone Pickup Policy:

At Axia Trading Network, your peace of mind is our absolute priority. To ensure 100% safety, security, and transparency for both our clients and our logistics team, we do not conduct transactions at private residences. Instead, all order handovers are facilitated exclusively at a designated, highly secure public exchange point.

Axia Trading Network reserves the right to decline any handover if verification cannot be completed.

Note: Axia Trading Network **does not** scan, photograph, or store identification under any circumstances. Verification is used solely to confirm that the correct customer is receiving the order.

3. Arrival & Vehicle Coordination:

The Troy Police Department parking lot is an active civic space. Upon arriving at the designated Safe Exchange Zone, please message our team with your vehicle's make, model, and color. This allows our courier to immediately identify your vehicle and conduct a swift, efficient handover.

4. Pickup Window & Timing Expectations:

Pickups must occur within the mutually agreed-upon time window confirmed in chat. Early arrivals may be asked to wait until the scheduled time, and late arrivals may require rescheduling based on courier availability.

5. No-Show & Late Arrival Policy:

- a. If a customer does not arrive within **15 minutes** of the scheduled pickup time and no communication is received, the appointment will be marked as a no-show. The order may be rescheduled at Axia Trading Network's discretion. We reserve the right to convert the order to delivery, subject to address verification and standard delivery fees. If the customer declines delivery, the order may be canceled. In the event of cancellation due to a no-show, a **\$10 or 25% of the total order value (whichever is greater)** will be deducted from the refund to cover time and operational costs.
- b. **If Axia Trading Network is more than 15 minutes past the agreed-upon time,** We will notify you immediately in chat. To make it right for keeping you waiting, a **\$5 courtesy credit/refund** will be applied directly to your account or transaction, whether you choose to wait or reschedule the handover.

6. Safety & Conduct:

Axia Trading Network reserves the right to decline or discontinue a pickup if circumstances, or customer behavior is deemed unsafe, inappropriate, or inconsistent with our safety standards.
