

Circular (YOUR CITY) Week, by CEC – date

This Circular Economy Club event will expand your knowledge around what circularity really means and the circular initiatives taking place globally. It is also an opportunity to socialise with other circular economy professionals and brainstorm future projects.

After the screening, there will be a networking session for you to interact with circular economy enthusiasts across different sectors and types of organizations.

At the end of the screening, you will get a clear idea of the state of the circular economy and will have clear examples to help you explain the circular framework to others. You will also have the chance to learn about what other peers are doing worldwide.

Who is the event for?

- *Architects, Designers, Engineers and Makers*
- *Established companies and Start-ups with an interest in circular models as a in the energy sector, agriculture, construction, textiles/fashion, electronics, renewable energies, etc*
- *Consultants, Business leaders and Strategists*
- *Education professionals and Researchers*
- *NGOs and professional associations*
- *Supporters of the circular economy*

Note: CEC (YOUR CITY) reserves the right to take photos during the event and upload them on CEC website to be used as promotion for this and further CEC events. And CEC reserves the right to use your email address to contact you about the screening and future activities.
