# HOLMDEL PUBLIC SCHOOLS

*Office of Science, Technology, and Engineering*

June 6, 2025

Dear Students and Families,

As part of our commitment to academic rigor and college readiness, the Science, Technology, and Engineering Department assigns summer work for select courses to ensure students are prepared to meet the expectations of accelerated and Advanced Placement (AP) coursework. These assignments are designed to introduce key concepts, build foundational skills, foster a sense of curiosity, and promote independent learning.

**Who Has a Summer Assignment?**

Students enrolled in the following courses for the 2025–2026 school year are required to complete a summer assignment linked here:

| | | |
|---|---|---|
| Honors Biology | Honors Chemistry | Honors Physics |
| AP Biology | AP Chemistry | AP Physics C: Electricity & Magnetism |
| AP Environmental Science | Engineering and Design Capstone | AP Physics C: Mechanics |

Assignments will be available beginning **Friday, June 6, 2025**.

Students are responsible for downloading and completing the required tasks before the first day of school. Please take the time to preview the assignments at the beginning of the summer so that you have enough time to pace yourself for timely submission. When completing the assignments, be sure to read the directions carefully, and respond to all components thoughtfully.

Thank you for your cooperation and best wishes for a productive and enjoyable summer.

Sincerely,

*Alicia Killean*

K-12 Science, Technology, and Engineering Supervisor
