

AfterCamp is the D-E360° Summer program provided for students in grades preschool through grade 8 M-F from 2:30 to 5:30 PM when camp is in session.

Students begin each day in AfterCamp with a nutritious snack, planned and organized sports and activities, and the use of our library facilities.

We pride ourselves in producing a wide variety of unique and fun offerings. Our goal is to provide a safe environment for students to grow and express themselves. Our program is focused around giving students interactive recreational time, supervised space to interact and stay connected. With activities like arts and crafts, yoga, games, sports and camp challenges, children may join us after camp to reinforce learning or explore something new.

Our instructors are dedicated educators who are passionate about sharing their expertise with your children to help them to try something new, pursue their interests, and develop their talents further. *With a lot of fun activities, the kids will be kept creatively engaged and to keep our campers safe.*
