

Job Title: Web Developer (Marketplace)

Company: Punto Pago

Location: Panama or Remote

Hey there! Punto Pago, a leading marketplace platform in Latin America, is looking for a talented Web Developer to help us build the web version of our platform. If you're passionate about coding and love creating seamless user experiences, then we'd love to have you on board! Our team speaks Spanish, Russian, and English, so you'll fit right in.

What you'll do:

Work with our diverse team to create and maintain the web version of our marketplace

Turn design mockups into responsive, high-quality code

Build cool front-end interfaces using HTML5, CSS3, and JavaScript

Connect our platform to back-end services and APIs

Find and fix bugs, ensuring our site runs smoothly

Keep up with the latest web development trends

What you'll need:

A degree in Computer Science, Web Development, or something similar

3+ years of web development experience, ideally in e-commerce or marketplaces

Skills in HTML5, CSS3, JavaScript, and web development frameworks (React, Angular, Vue.js)

Familiarity with responsive design and cross-browser compatibility

Experience with RESTful APIs

Strong problem-solving skills

Team player who can communicate tech stuff clearly

Fluent in any language of Spanish, Russian, and English

Bonus points for:

Mobile app development experience

Knowledge of e-commerce platforms and payment gateways

Web accessibility and SEO know-how

What's in it for you:

Competitive pay and benefits

Relocation package and compensation of rent in Panama (up to 1200\$)

Opportunities for professional growth

A fun, innovative, and collaborative work environment with a multilingual team

The chance to make a real impact in a growing company

Interested? Send your resume and any relevant examples of your work to **jenya.go@punto pago.net** Can't wait to hear from you!
