CHARTER SCHOOL AUTHORIZING PROGRAM

HARBOR CITY INTERNATIONAL SCHOOL

Formal Contract Evaluation Report & Annual Scorecard Report

PUBLISHED January 2025 for FY24

Contract Term: July 1, 2020 - June 30, 2025

REPORT PURPOSE: This report was produced by the authorizer of Harbor City International School in compliance with Minnesota Statute § 124E.10, Subd.3 (Review and Comment), which requires an authorizer to conduct a formal evaluation and report on the performance of a charter school before a charter school's contract is renewed for another contract term. Per state law, Volunteers of America-Minnesota (VOA-MN) regularly monitors and evaluates the performance of the school. VOA-MN views contract renewal as an on-going process that is engaged in by the Board of Directors, school leadership, and the authorizer throughout the entire life of the school's contract with its authorizer. Using the results of ongoing site school site visit reports, performance on the VOA-MN Annual Reports on Governance, Finance, and Academics, board meetings monitored, as well as the evaluation and observations from the end-of-term site visit, VOA-MN determines whether to renew its contract with the charter school and if so, for what length of time. Contracts can be renewed for up to five years.

REPORT CONTRIBUTORS: Stephanie Olsen, Program Manager; Phillip Morris, Academic Performance Analyst; Rochel Perna, Financial Analyst; Roderick Haenke, Board Governance Analyst / Constituent Services; Dawn Maslowski, Program Administrative Assistant.

Volunteers of America of Minnesota Accountability Plan

According to Minnesota Statute 124E.01, subd.1, *The primary purpose of charter schools is to improve all pupil learning and all student achievement*. VOA-MN holds the schools it authorizes accountable in five major areas: academic performance, fiscal management, board governance, management and operations, and legal compliance. Each area may have multiple indicators of success and the charter school's performance on each indicator will be rated.

Rating Scale: For each standard, a school earns points for contract renewal as follows:

- 2 = Meets Standard
- 1 = Partially Meets Standard
- 0 = Does Not Meet Standard

Weighting of Performance Measures used during the contract renewal process is as follows:

50% weighting: Academic Program (statutory purposes, including primary purpose)

15% weighting: Financial Sustainability

30% weighting: Organization

15% governance

15% management & compliance

Combining Data Over the Contract Term

Annual school performance results will be combined each successive year of the contract term wherever possible so that fluctuation due to small group size will be minimized and overall performance is accurately reflected.

Contract Renewal Eligibility

VOA-MN schools must achieve at least a Satisfactory Rating (70% of points possible) in the Performance Framework overall and meet the majority of standards in each performance area (Academic, Financial, Organizational Performance) to be eligible for a three-year contract renewal and at least an Exemplary Rating (80% of points possible) in the Performance Framework overall and meet the majority of standards in each performance area to be eligible for a five-year contract renewal. All contract renewals will be for either three or five years. Fewer than three years does not provide enough information on which to make a renewal decision.

Renewal contract length is based on an average of school's performance over the term of the contract. Renewal decisions for a three-year or five-year contract term will be based on two and four fiscal years of data respectively.

Intervention and Corrective Action

VOA-MN schools that, prior to their year of contract renewal, fall below a Satisfactory Rating in the Performance Framework overall and/or in any performance area (Academic, Finance, Governance, Management/Operations) must enter into a School Improvement Plan that addresses the specific standards in the Performance Framework where the school performance is below Satisfactory.

Closure Plan

If the school does not meet the terms of the School Improvement Plan and attain a Satisfactory Rating by the end of the contract term, the school is a candidate for nonrenewal. If the school's contract is not renewed, the school must implement the Closure Plan as described in the school's charter contract.

Three essential questions guide our VOA-MN authorizer oversight and charter school accountability plan.

- Academic Program Performance Is the school's Learning Program a Success?
- **Financial Sustainability** Does the School Exhibit Strong Financial Health?
- Board Governance & Management/Operations Is the organization effective and well run?

In addition to VOA-MN defined "performance standards," a charter school must also be meeting their statutory purposes which are measured as part of Academic Performance Oversight.

REPORT PURPOSE: The Annual School "Scorecard" Report is the VOA-MN Authorizing Program's official communication to the school on performance meeting statutory purposes and VOA-MN Performance Standards. The report is comprised of three sections aligned to the three essential questions that guide our authorizer oversight and charter school accountability plan.

Three essential questions guide our VOA-MN authorizer oversight and charter school accountability plan.

- Academic Program Performance Is the school's Learning Program a Success?
- Financial Sustainability Does the School Exhibit Strong Financial Health?
- Board Governance & Management/Operations Is the organization effective and well run?

SECTION ONE ACADEMIC PROGRAM PERFORMANCE - Is the school's Learning Program a Success?

Academic Performance- All public schools, including charters, must fully participate in the state assessments - Minnesota Comprehensive Assessments. Data from state assessments as well as Title 1 Designation consistent with the state North Star system will be compiled and evaluated in the Annual VOA-MN Authorized Charter Schools Academic Performance Report by the authorizer. Charter schools are required to meet the academic performance standards for which they agree to be held accountable in their charter contract. The extent to which a school is meeting their World's Best Workforce requirements and additional statutory purposes are also measured in the Learning program section.

The VOA-MN Charter School Authorizing Program publishes annually an Academic Performance Report on their network of authorized charter schools. The report serves as a single annual source of academic program and performance information for all of our VOA-MN operational charter schools. The report contains an analysis of annual and cumulative academic program, performance, and professional development data for each school.

Content from the annual Academic Performance Report also serves as the basis for the school academic performance analysis contained in the statutorily required Contract Renewal Evaluation Reports, including evaluation of the extent to which the school has met their primary purpose, "to improve all pupil learning and all student achievement" during the contract term.

The VOA-MN determined academic performance standards contained below are uniform for all VOA-MN charter schools. The standards are contained in VOA-MN Charter Contract Addendum B (School Accountability and Authorizer Oversight System) and serve as the basis for both annual authorizer monitoring of school academic performance and contract renewal determinations. The authorizer reserves the right to have flexibility to reasonably amend these standards /expectations as needed (example: based on cell size being too small). One sample rating scale is imbedded below to provide the reader with context.

VOA-MN's academic performance standards/expectations are scored below.

SCHOOL STATUTORY PURPOSES:

□ SCHOOL PRIMARY PURPOSE (M.S. 124E.01): The primary purpose of the charter school is to improve all pupil learning and all student achievement.

Academic Performance Standard 3 - The difference between the "all-students" proficiency rate in the School and any reportable student group proficiency rate will be reduced over the term of the contract in both reading and math using state examination data as evidence of meeting the statutory purpose of mission-driven charter schools, which is to improve the learning, achievement, and success of all students. Imbedded WBWF Standard: all racial and economic achievement gaps between students are closed.

The teacher evaluation process provides feedback on strengths and challenges and nurtures a collaborative teaching/learning culture in which teachers can continue their professional growth as educators. As a part of the school's teacher evaluation process, teachers completed annual targeted growth plans. The teacher evaluation process also included summative evaluations.

Academic Performance Standard 5 - All teachers are supported through a school-wide professional development plan that is based on analysis of assessment data and directly linked to improving all pupil learning and all student achievement.

School wide presentations and community building happen during this time. For the Symposium, the school offers 3 one week intensive classes where students can experience learning in an immersive setting. Charter schools receive public funds and must meet generally accepted standards of fiscal management. It is VOA-MN's duty to ensure that the schools are responsible stewards of public funds. The charter school shall provide VOA with a copy of its draft and final annual budgets and monthly cash flow projections for each fiscal year by July 1 of each fiscal year. VOA-MN shall use submitted budget and cash flow statements, along with any other relevant information, to determine if the charter school has a realistic balanced budget plan for the current year. VOA-MN shall use the financial statements presented in the charter school's annual financial audit, along with any other relevant information, to determine if the charter school maintained a balanced budget during the prior year. Schools are expected to have audits that are free of all findings.

The VOA-MN Charter School Authorizing Program publishes annually a School Financial Oversight Report on their network of authorized charter schools. The parties acknowledge that the Minnesota Charter Schools Law requires a charter school to meet generally accepted standards of fiscal management. This requirement has two underlying purposes: to monitor the financial health of the school and compliance with state and federal laws, including proper use of public funds. The report will contain an evaluation of school performance meeting the VOA-MN financial standards.

The VOA-MN determined school financial standards contained below are uniform for all VOA-MN charter schools. The standards are contained in VOA-MN Charter Contract Addendum B (School Accountability and Authorizer Oversight System) and serve as the basis for both annual authorizer monitoring of school financial health and contract renewal determinations. The authorizer will monitor school performance meeting these standards on an ongoing basis and the standards will be evaluated in the annual VOA-MN Network Finance Report. The standards also serve as the criteria for contract renewal determinations. The authorizer reserves the right to have flexibility to reasonably amend these standards /expectations as needed (example: fund balance standard may be negotiated based on school length of operation or size). PART ONE: SCHOOL BOARD GOVERNANCE

Effective board governance is essential to the successful start-up and operation of a public charter school. The diversity of charter school board memberships – teachers, parents, community leaders, and volunteers – heightens the importance of consistent expectations and development activities.

The authorizer regularly monitors the performance quality of the school board based on authorizer observations; interviews with the director, board and faculty; and the review of school policies, reports and board meeting minutes. A school must have a governance model that provides quality oversight by ensuring that there are checks and balances between the board and the school administrators

A school board is responsible for developing, implementing, and assessing policy; defining sound employee relations; conducting open meetings; recognizing and conforming to the legal mandates imposed by state and federal laws; and governing within the limits of a delegation of state authority – as a nonprofit and public-school board. Additionally, the board has an obligation to assess its successes and failures; inform the public of all deliberations and decisions; promote accountability; enhance public understanding of its mission; conform to standards of ethical behavior; provide a framework for setting goals; and develop strategic plans for the accomplishment of those goals.

The VOA-MN Charter School Authorizing Program publishes annually a School Board Governance Report on their network of authorized charter schools. The purpose of this report is to be a single annual source on the board operations and compliance of the nineteen VOA-MN- authorized charter schools. Authorizer VOA-MN also observes a minimum of two school board meetings annually.

The VOA-MN determined school board governance standards contained below are uniform for all VOA-MN charter schools. The standards are contained in VOA-MN Charter Contract Addendum B (School Accountability and Authorizer Oversight System) and serve as the basis for both annual authorizer monitoring of school board performance and contract renewal determinations.
