

Stacey Volcy | Nonprofit Consulting — Elevate Your Impact for 2025

This offer is designed for nonprofit leaders who want to build sustainable growth, secure diversified funding, and streamline operations with clear, action-oriented support.

If you're looking to refine your approach with direct, hands-on guidance, I invite you to join the **VOXER [On-Demand Strategy Sprint](#)** for a limited-time, high-impact experience. This offer includes only **two spots**, reserved for those nonprofits ready to take immediate action.

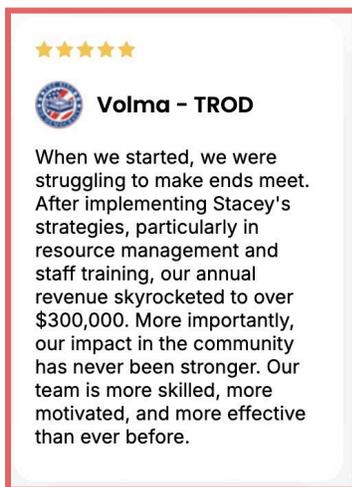

What's Included in the Sprint:

- **Two Weeks of Voxer Strategy Support:** Unlimited voice messaging within office hours (EVERY DAY FROM 8 AM - 6 PM PDT), giving you direct access to my expertise as we tackle your organization's challenges in real-time.
 - **Voxer** is a messaging app that combines voice, text, and image sharing, like a walkie-talkie for smartphones. It allows users to send real-time voice messages, making conversations feel more immediate and personal, while also letting you listen and respond at your own pace.
 - **Strategic Templates and Resources:** Handpicked tools from my Stan Store (*and behind the scene tools*) to help streamline your operations and refine your revenue generation strategy.
 - **Focused Action Steps:** Daily guidance to implement key strategies that support sustainable, mission-aligned growth.
-

From the very start, I could tell that Stacey genuinely cared about the participants. She asked questions & listened to the replies, gathered more information to clarify any questions she may have had & then gave specific & informative feedback. She wasn't just going through the motions. I also loved the hands-on work that she assigned to us during the class & especially appreciated the detail that she went into with each of us to help guide us to improvement. The hour-and-a-half masterclass was full of useable information that I know I can turn around & immediately implement!

Outcomes You Can Expect:

- A clear, diversified revenue strategy ready for 2025
 - Streamlined operations to enhance organizational efficiency
 - Actionable steps to strengthen your impact and attract aligned partnerships
