Dear Author, Please focus on predetermined points, as our journal's editor will handle all formatting adjustments. The format we provide you with is specifically designed to facilitate plagiarism checks as well.

Abstract:

- a. A single paragraph (150–250 words).
 - b. Must be clear and informative, including:
 - Background: Brief research context.
 - Objective: The aim of the study.
 - Methods: Key methods or approaches used.
 - Results: Major findings.
 - Conclusion: Key implications.
 - c. Written in English, without references or unexplained abbreviations.
- Keywords:** Word1; Words2; Words3; Words4; Words5. (Provide 3–5 relevant keywords in English for indexing purposes).

Introduction:

- a. Background and research context.
- b. Problem statement and research gap.
- c. Research significance and objectives.
- d. End with a clear aim or research question.

Method:

- a. Detailed description of the research design and procedures.
- b. Data sources, instruments, and techniques used.
- c. Provide sufficient information for replication.
- d. Mention ethical approval (if applicable)

Results:

- a. Present main findings in narrative form.
- b. Use tables and figures where appropriate.
- c. Focus on data presentation without lengthy interpretation.

Table 1. Table name

Class	N	%
A	20	100
B	0	0
Total	20	100

**Figure 1.** Descriptive title of the figure**Discussion:**

- Interpret and explain the findings in relation to previous studies.
- Discuss implications of the results.
- Highlight strengths and limitations of the study.
- Provide recommendations for future research.

Conclusion:

- Provide a concise summary of the main findings.
- Emphasize the significance of the study.
- Suggest possible future directions.

Acknowledgments:

Mention contributors, institutions, or funding bodies that supported the research.

References:

- References must follow **Vancouver style** and be managed using **Mendeley**.
- Number references in the order of appearance in the text (**not alphabetically**).
- Only include relevant and reputable sources. At least 80% should be primary sources published within the **last 5 years**.
- Authors are encouraged to cite articles from this journal.
- Minimum: **15 references**.
