To Whom It May Concern,

Please accept the attached resume for consideration for the Early Childhood Teacher in your district. I recently saw the vacancy posted on the district employment page and thought I would be a great fit. I am eager to share my experience in education with your school.

During my nine years in the field of education, I have adopted the approach to teaching that all children are good, unique, and capable of learning, given the right environment for them. As an educator, I aim to foster a creative environment that utilizes multiple methods of teaching and collaboration, so all children can grow physically, socially, emotionally, and mentally. I believe in a safe, open dialogue that encourages students to bring out their full potential through a classroom setup that places high expectations on each student and shows respect for the individual student and their ideas. Using this approach, I offer the following skills that will make me an excellent fit for your school: Excellent communication skills, profound ability to work in a stressful environment, experience working with children at all levels, understanding of a variety of assessments and how to use results to drive instruction, effective classroom management techniques and knowledge of positive behavior intervention strategies.

I have enclosed my resume for consideration. I hope to hear from you soon to discuss how my qualifications and strengths could align with your district's needs.
