

Fiat Flip

Privacy Policy

Effective Date: March 20, 2025 | Last Updated: March 20, 2025

1. Overview

PonyboyCapLLC ("we," "us," or "our") operates the Fiat Flip mobile application ("App"). This Privacy Policy explains our practices regarding any information in connection with your use of the App.

We are committed to your privacy. This policy is simple: we do not collect, store, process, or share any personal information from users of the Fiat Flip App.

2. Information We Collect

We do not collect any personal information from users. Specifically, we do not collect:

- (a) Names, email addresses, phone numbers, or any contact information;
- (b) Device identifiers, IP addresses, or location data;
- (c) Usage data, analytics, or behavioral tracking;
- (d) Wallet addresses, financial information, or transaction data;
- (e) Cookies, tracking pixels, or any persistent identifiers.

3. How the App Works

Fiat Flip is a read-only price viewer. It retrieves publicly available fiat-to-cryptocurrency conversion rate data from third-party market data sources and displays it to you. This process does not require, involve, or result in the collection of any personal information.

The App does not require account creation, login, or registration of any kind.

4. Third-Party Services

The App may connect to third-party APIs to retrieve market rate data. These connections are made solely to fetch publicly available pricing information. We do not share any user data with these services because we do not collect any user data.

We encourage you to review the privacy policies of any third-party services if you have concerns about their data practices.

5. Children's Privacy

The App does not collect data from any users, including children under the age of 13. We comply with the Children's Online Privacy Protection Act (COPPA). Since no personal data is collected, there is no special process required for children's data.

6. Data Security

Since we collect no personal data, there is no user data to secure, breach, or expose. We do not maintain any databases containing user information.

7. Your Rights

Because we collect no personal information, there is no user data to access, correct, delete, or export. You have no data profile with us.

If you are a California resident, you are entitled to the rights described under the California Consumer Privacy Act (CCPA). As we collect no personal information, these rights are satisfied by default.

8. Changes to This Policy

We may update this Privacy Policy from time to time. Any changes will be reflected with an updated effective date at the top of this document. We encourage you to review this policy periodically.
