A

D : JOKOWI for 3 TERM PERIODS! LONG LIVE JOKOWI!

A : Whoa! That is really energetic reaction of you mr.

(tertawa semuanya)

B : What's the matter in the first place?

A : Also can you tell us what do you think of that issue?

C : First of all I am passionate about this issue. A group or just a person said There would be an extension of Joko Widodo presidential term for up to 3 terms and on behalf of our Indonesian political party who says that will be an extension term for up to 3 terms?

C : As the leader of our Indonesian political party I can confirm to you guys/Y'all this issue is just a hoax!

B: Really? I don't have a clue whether this issue is true or just a hoax.

A : Are you sick and tired to hear about this issue?

C :Of course! It is really a pain in the neck to discuss this issue since the issue has already spread although the issue is false.

A : Now we move on to Mr. Arief Poyuono. How about your opinion about this issue, sir?

D : Although this issue is just a hoax for NOW, but it still have the possibility, you know there will be a presidential term extention for president Jokowi.

B : Why do you think so, Mr. Arief?

A : Yeay? Why? Can you tell us?

D : Because The Indonesian People's Representative Council or DPR needs to be open minded about that presidential term could be 3 periods and I would urge them to be open mind about it.

B : Are you serious to bring judicial review on the law that regulates the presidency into three periods to the constitutional court?

D : I'm serious about this, after all if the members of the DPR and the members of the MPR do not make amendments I will press them to make that amendments.

D : Three periods is just only adding one period that's not a lifetime period.

C : Permission to object the opinion of mr. Arief, can I?

A : of course you can Mrs. Megawati.

C : The creator of the issue is not doing the spread that issue out of the blue. The person who told was the one that wanted that.

B : Why do you think so Mrs. Megawati?

C : One statement from the issue is Mr Jokowi wanted to have an extension right? The creator of issue is the one who wanted the extension.

C : Someday if he or she become the president it could be three term.

A : We gonna continue the debate after this

(Commercial Pause)

A : Welcome back again all my viewers as the promise we will continue the discussion.

B : Mrs Megawati said that the one who spread the issue was the who wanted the three term because if they become the president they would get three term. Are you thinking like that Mr. Arief?

D : Of course I am not thinking like that. I refer to three term is not too long or forever, is just three term okay.

D : **Just saying** I have a solid reason why I agree the extension must happen.

D : Because we just find a treasure and that is Jokowi.

C : what?

A : Can you explain to us what do you mean by "Treasure".

D : We can see from Mr Jokowi's work performance that many developments have occurred in Indonesia. He have ability that more than others.

B : Excuse me Amirah, I think Mrs Megawati have something in her mind about argument from Mr Arief.

A : I think so, you can **take it all out on** your mind Mrs Megawati.

C : **first**, thank you for noticing that, **then** do you think just Mr Jokowi who is capable to make a good development for our country.

C : Do you also worry if there is no extension the project Jokowi working on is not going continue?

D : Yeah that's also why I support the issue.

C : there is a law that regulates that, although the president change the project can be continue by new president.

C :The worst thing that will happen if we add one more periods it will undermine the country's constitution. We can take example from the president Soeharto.

A : Whoa what a wonderful and solid argument from both of you.

B : Yeah but our time is finally over.

B : Maybe next time we can continue.

A : But first let us do conclusion.

A : The extension of presidential term resulting pro and contra from each sides. Until now, this is still in debate and consideration.

B : Now, our job as a good citizen, it's our duty to express positive opinions wisely for our country.

B : Also, We want to say thanks to our amazing guests that have spared their time to be here with us and share their opinions.

A : Now, we have reached the end of our talkshow, me Sarah Sechan and Indy Barends will take our leave. thank you everyone for being with us. see you next time.
