

AN ANCIENT PREJUDICE HAS BEEN REMOVED

Justice is no longer ignorantly dispensed. AMERICAN INTELLIGENCE insists that a jury "twelve good men, tried and true" decide the facts.

INTELLIGENCE**

"TOASTING DID IT"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed from the tobacco's harmful corrosive ACRIDS (pungent irritants) present in cigarettes manufactured in the old-fashioned way. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

Tobacco isn't harmful anymore!

An ancient prejudice has been destroyed and it is not about nicotine.
