

Learning Pathway: Memoir Pathway

These pathways are suggestions for classes that can be taken together over time for an overall theme. These are for recreational purposes only; there is no official certificate offered for completing them.

The classes listed here have been offered in the past, and the course instructors have allowed auditors to enroll, however please note there is no guarantee when or if these courses will be offered again, or if the instructor will allow auditors to enroll.

Please use these pathways for inspiration, but consult the official PSU Course Schedule for actual class offerings each term. Once you have identified a course of interest, please ask the instructor for permission to enroll, per SALC guidelines.
