Abstrak

Abstract is written in Indonesian using Franklin Gothic 10 pt and single space. It contains background, purpose of study, methods, main results, and conclusion in one paragraph only. The abstract should be less than 250 words.

Abstract

Abstract is written in English using Franklin Gothic 10 pt and single space. It contains background, purpose of study, methods, main results, and conclusion in one paragraph only. The abstract should be less than 250 words.

PENDAHULUAN

INTRODUCTION

Introduction should be written in Georgia 10 pt. and single space. Introduction should clearly state general background, novelty and originality. Introduction should mention previous literatures that used for the research background and provided reference as original research articles within 10 years. Problems and the purpose of study should be clearly mentioned. Introduction is recommended to be written in 400-500 words.

Pendahuluan harus ditulis dalam bahasa Georgia 10 pt. dan satu spasi. Pendahuluan harus dengan jelas menyatakan latar belakang umum, kebaruan dan orisinalitas. Pendahuluan harus menyebutkan literatur sebelumnya yang digunakan untuk latar belakang penelitian dan memberikan referensi sebagai artikel penelitian asli dalam waktu 10 tahun. Masalah dan tujuan penelitian harus disebutkan dengan jelas. Pendahuluan disarankan untuk ditulis dalam 400-500 kata.

In text citation

Single Author: (Pangestu, 2019)

Double authors: (Addisu dan Assefa, 2016)

Three authors: (Riwanti, Izazih, and Amaliyah, 2020)

More than three authors: (Wing *et al.*, 2019)

More than two citations: (Ariani *et al.*, 2022; Zuliani and Dalimunthe, 2022)

Author along with similar name and year: (Zhang *et al.*, 2019^a; Zhang *et al.*, 2019^b)

METODE

METHOD

Materials and tools used must be written in full as in the following example: quercetin (Sigma, Germany); Spectrophotometer (Shimadzu U-2900, Tokyo). The method used must be written clearly and can be repeated by other researchers.

Bahan dan alat penelitian yang digunakan harus dituliskan secara lengkap seperti contoh berikut: quersetin (Sigma, Germany); Spektrofotometer (Shimadzu U-2900, Tokyo). Metode yang digunakan harus dituliskan secara jelas dan dapat diulang oleh peneliti lain.

HASIL DAN PEMBAHASAN

Results and discussion can be put together. The results displayed must be able to reflect the research objectives. Results can be presented in the form of pictures and tables that can stand alone. The discussion no longer repeats research results, but is more focused on analysing results, comparing results with other studies and explaining the results obtained.

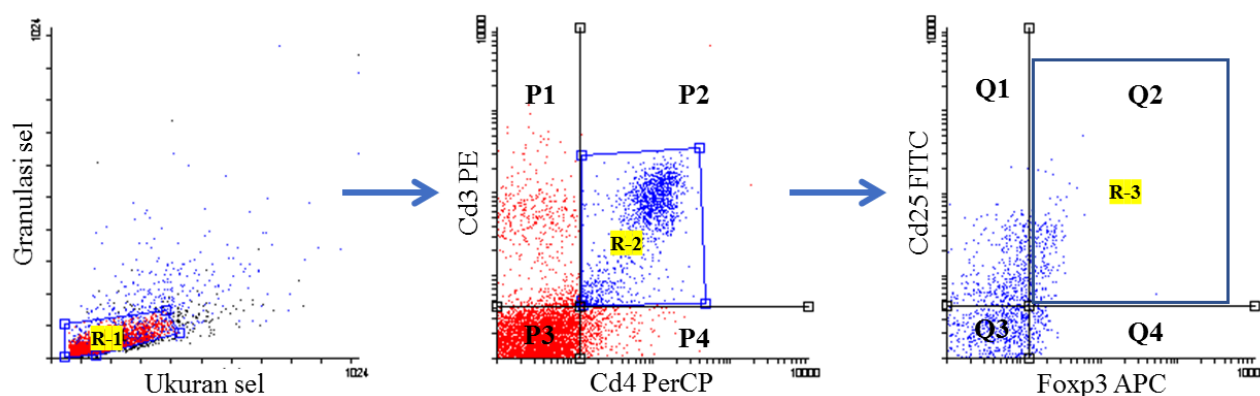

Hasil dan pembahasan dapat dijadikan satu. Hasil yang ditampilkan harus dapat mencerminkan tujuan penelitian. Hasil dapat disajikan dalam bentuk gambar dan tabel yang dapat berdiri sendiri. Pembahasan tidak lagi mengulangi hasil penelitian, namun lebih difokuskan pada analisa hasil, komparasi hasil dengan penelitian lainnya dan penjelasan mengenai hasil yang didapatkan .

Table 1. Table must be in editable form and not as images. Table numbering uses Arabic number and it is written in bold characters. In addition, the table caption is printed out by Georgian 10 pt and not bold characters. Text in table should be written in 10 pt Georgia along with single space. Only horizontal-border line can be appeared in Table. Reference can be used in table and should be written in Table caption. Additional information e.g. abbreviation can be written below the table and written in Georgian 8 pt along with single space. Data in table should be presented by mean±SD, and number of sample can be put below the table.

Tabel 1. Indeks organ terhadap konsentrasi sel mencit *Balb/c* dan *Swiss-webster**

Parameter	<i>Balb/c</i> *	<i>Swiss-webster</i> *
Indeks Organ	0,326 ± 0,06%	0,309 ± 0,21%
Konsentrasi Sel	0,701 x 10 ⁷ ± 0,65 sel/ml	1,382 x 10 ⁷ ± 0,26 sel/ml

*n=3

Gambar 1. Strategi gating

Figure 1. Figure can be given in JPG/JPEG/PNG/TIFF formats along with minimum resolution of 300 dpi. Figure numbering uses Arabic number and it is printed out by bold characters using Georgia10 pt and single space. Figure should be clear and readable, colored figure is more preferable.

KESIMPULAN CONCLUSION

Conclusions are written in paragraph form, not in a list. The conclusion is the answer to the research objectives, without repeating sentences in the abstract or in the results section. Conclusions can describe the difficulties experienced during research and suggestions that can be given.

Kesimpulan dituliskan dalam bentuk paragraf bukan di-list. Kesimpulan merupakan jawaban dari tujuan penelitian, tanpa melakukan pengulangan kalimat pada bagian abstrak maupun pada bagian hasil. Kesimpulan dapat menjabarkan kesulitan yang dialami selama penelitian dan saran yang dapat diberikan.

UCAPAN TERIMA KASIH ACKNOWLEDGEMENT

Acknowledgments can be written in Georgia font 10 single spacing (if any)
Ucapan terima kasih dapat ditulis dalam font Georgia 10 spasi tunggal (bila ada)

DAFTAR PUSTAKA REFERENCES

The references should be prepared in logical order according to HARVARD style. Author/Authors is highly recommended to use reference citation management for manuscript preparation e.g. Zotero, Mendeley etc.

The references used in the article should include at least 80% of primary sources published no more than 10 years before the date of publishing.

Cover Letter & Statement Letter

Dear,
Dr. Lanny Hartanti, M.Si.
Editor in Chief
Journal of Pharmacy Science and Practice

I am submitting a manuscript for consideration of publication in JSFT (Journal of Pharmacy Science and Practice) entitled “...(write your title here)....” This research purposed to “...(write your purpose of your work)” along with novelty of “.....(describe your novelty of your work)”.

With the submission of this article, I/We in capacity of corresponding author(s) undertake that;

1. All authors whose names are included in the manuscript contributed to the research work and no conflict of interest.
2. The article is original and solely submits to JSFT.
3. Research using experimental animals has complied with the applicable code of ethics.
4. The Editor is empowered to make such editorial changes as may be necessary to make the Article suitable for publication.
