March 14, 2024 Zoning Report to Perry Village Council

Report Covers from February 8, 2024 to March 14, 2024

Council Members and Mayor,

- 1.) **Zoning Permits Issued:** I have issued 12 permits since last reported. One for a fence, one for a lot split, one shed, one deck, one playground, one gazebo, and six for new dwellings.

This will be, sincerely regrettably, my final report for Perry Village. Due to increased time constraints elsewhere, I am unable to respond in a manner of time I believe to be necessary to serve the residents and Perry Village in the way someone in my position should. I am truly sorry for the inconvenience this causes.

Respectfully,

Harley DeLeon
