## Doctor's Comments:

### 1. Version 2

This is good - where possible simplify a bit more for the very long and commonly used items.  
With that change - you can circulate.

### 2. Version 3

You can use these codes.

BTW - Wrong spelling for Swabhamini keeps being carried over and over again.

We should fix these problems right from the beginning for this reason.

SV, FS,

This needs to be sorted out by TPPI - last item is not needed

It is going to help if you sort out the TPPII

THEMES, PROJECTS, PROGRAMS AND INFRASTRUCTURE AND INSTITUTIONAL

in that order. so that people can find these.

You can also introduce a very light grey background to show the unused / archived  
PROJECTS

- Current Projects

- Past Projects

- Proposals

THEMES

- sort these Codes by each Theme and Sub-Themes - keep related themes in sequence

Admin, HR, Legal, Strategic Plan, Regulation

IT, Web, Instrumentation

Research, Data

Communication and Publication

SS&Adv, Training and Education,

keep a consistent order.

STAFF - we should have these in the HR - and remove the Heading called STAFF

# SHORT CODES FOR TRELLO BOARDS, BLOGS & OSF

Items 2, 3, 5, 6 belong to HR

Item 4 belongs to

INFRASTRUCTURE - should be a heading with a yellow bar.

BTW - KMV belongs under completed projects

## 3. Version 7

Accepted the changes.

In the new version - SV/FS have attended to some of the changes that I requested.

I had asked that the boards be sorted by TPPII and that inactive items have a grey background -

This has been done to the extent that SV is aware.

But this is sufficient for now.

Pl be sure to see that you're reported and planned work is represented in the TB - as a Task - if you have completed the task that fact should be

represented in the TB - move the card, add a comment, link, etc and create a follow up card and send it to QC by a team member or supervisor.

There seems to be uncertainty of staff members on the use of TB - so if in doubt ask.

SV - you can add a card for this work in the Strategic Planning Board and link to it.
