

## **The Pikamunch Document.**

---

Hello! I'm Cadence, but known as Artii and (technically) Chance on Youtube! This document is about my ex, a youtuber called Pikamunch. I don't know if this is correct, but I'm positive that he groomed me. Please, tell me if he did, after reading this doc. I'm not too sure, but I'm pretty sure he did. I will not be saying my age now, as I'm obviously still a minor and don't want people to know my current age.

( 🌸 ) - It's just Cadence/Aubree. Lol

( 🌸 ) – hi , everyone ! I am Kade :D I am Cadence's twin brother ( though I am referred to as twin sister , I am transmasculine ) , and I was also a friend / a victim of Pikamunch . I will be sharing my side of the story ! <3

**WARNING/TW — This doc mentions sexual themes , sexual / inappropriate images , grooming, sexting, guilt tripping, suicide and self harm.**

### *Act 1 – How things started .*

We met on Roblox. Crazy, I know. I was playing Dandy's World as a toon named Poppy, he (Pikamunch) was playing as a toon named Rodger. He was in me and my twin brothers' run (a run is a round of a few (max of 8) players). I thought he was really cool and we added each other, soon getting each other's discords. He started "joking" about sexual stuff to me and ONLY me, both on discord and Roblox. On Roblox, he would never say anything sexual unless we were alone. Since I was 12 and was exposed to those types of content at a young age, I didn't mind the "jokes" and did it back, thinking I was supposed to and thought of it as harmless joking. I never asked him to be this way with me, and I never gave him a sign that I was comfortable with it when he started. He became more inappropriate over time, and I grew attached and grew a crush on him. I asked him one day if he liked me, platonically or romantically. He said romantically, and I said that I liked him as well. We started dating, and I was very happy. I was feeling great, suddenly always excited to get home from school to talk to my new (online..) boyfriend.

### *Act 2 – How things went on .*

During our relationship, we were a normal couple. Maybe a bit sexual, but normal enough. We told each other how much we loved each other, but he would normally and always make the conversation inappropriate, and end up sexting me. I, being an idiot, went along with it, thinking of it as normal, intense love. Even if he didn't make the

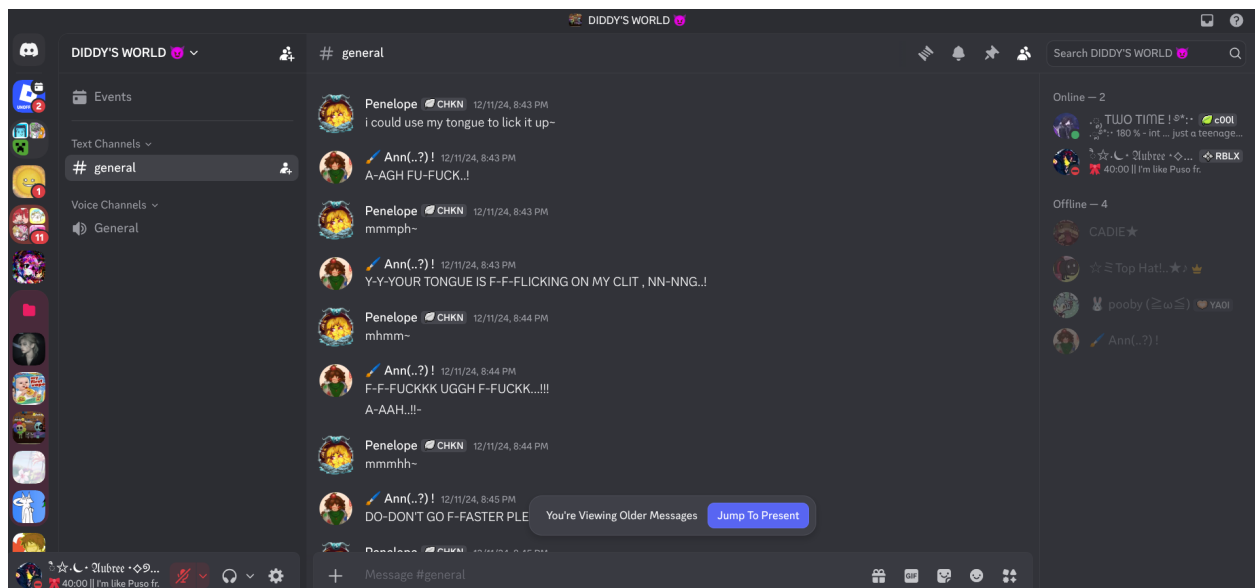

conversations completely sexual or inappropriate, he would call me by odd things/nicknames and things (things he sexualized/things that are sexualized), both things of which I never asked him to do. I was never uncomfortable with any of this at the time, but I would start to get a weird, uncomfortable feeling in my stomach. When I wouldn't answer his texts due to doing homework, being at school, or sleeping, which I would warn him about and say I wouldn't answer him, he would threaten me and Kade by saying things like "I'm gonna/I wanna kill myself" or "I'm gonna/I wanna hurt myself". I would freak out and immediately answer him as soon as I saw the text(s), and beg him not to and to answer. He would ignore me/not respond for an hour but sometimes 20-30 minutes, and I would think he went through with what he said. I would cry for hours, until he responded and apologized. He would blame himself and apologize and I always comforted and reassured him. His depression, suicidal thoughts, and self harm made the relationship a bit distant. He always needed reassurance and affirmation, which I didn't mind giving. I would ignore my own problems just to help his problems. He would use me for sexting or comfort on a daily basis. I thought it was love.

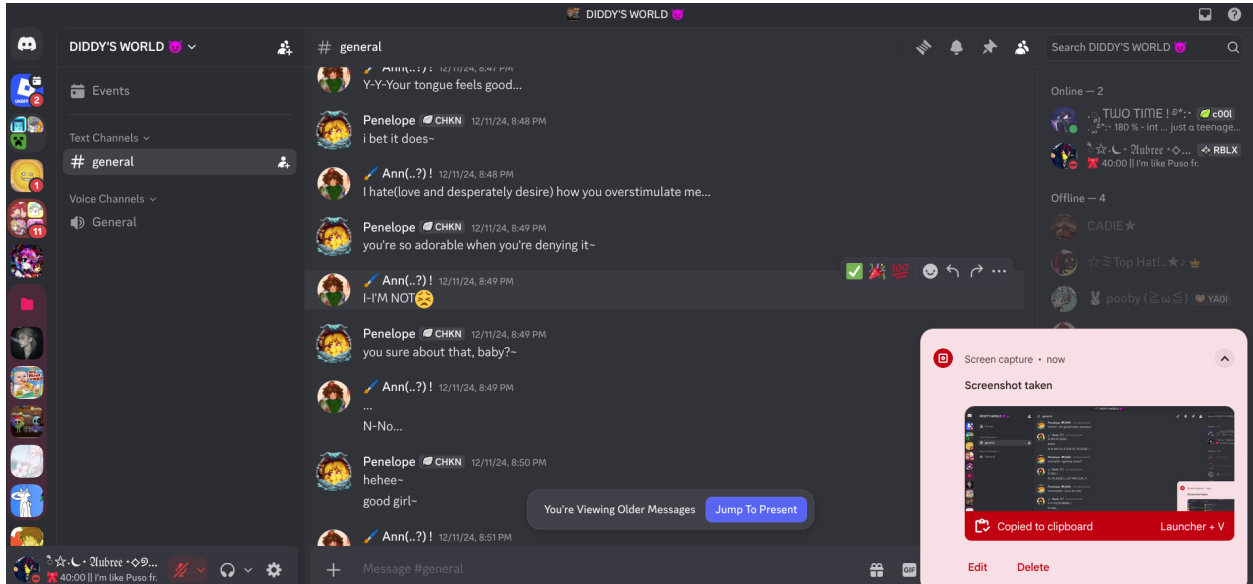

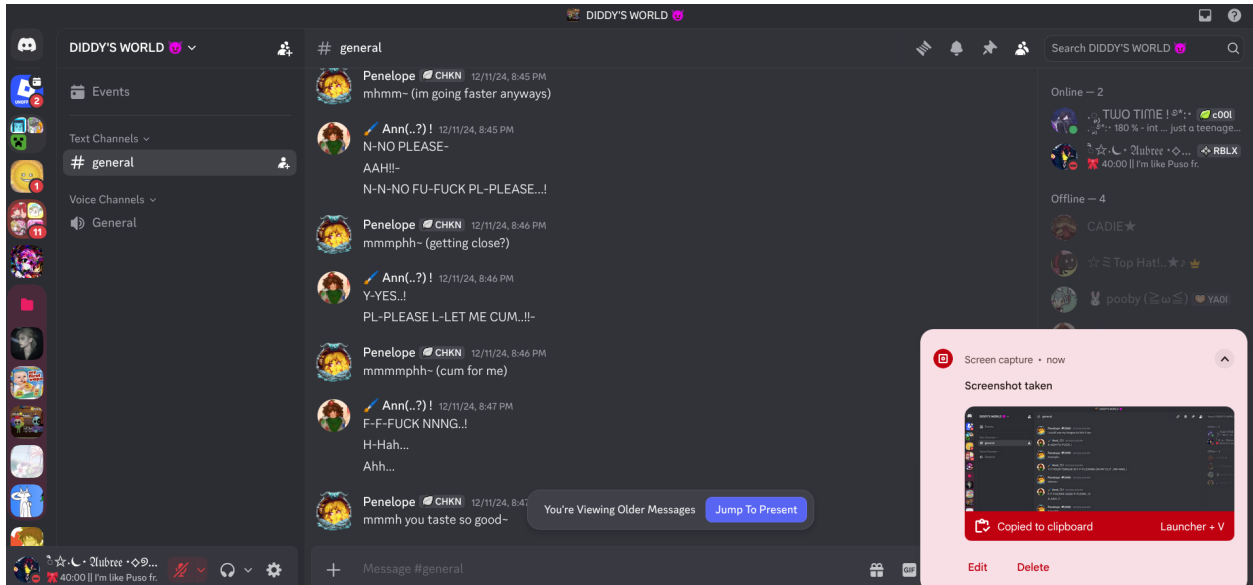

### *Act 3 – How things ended .*

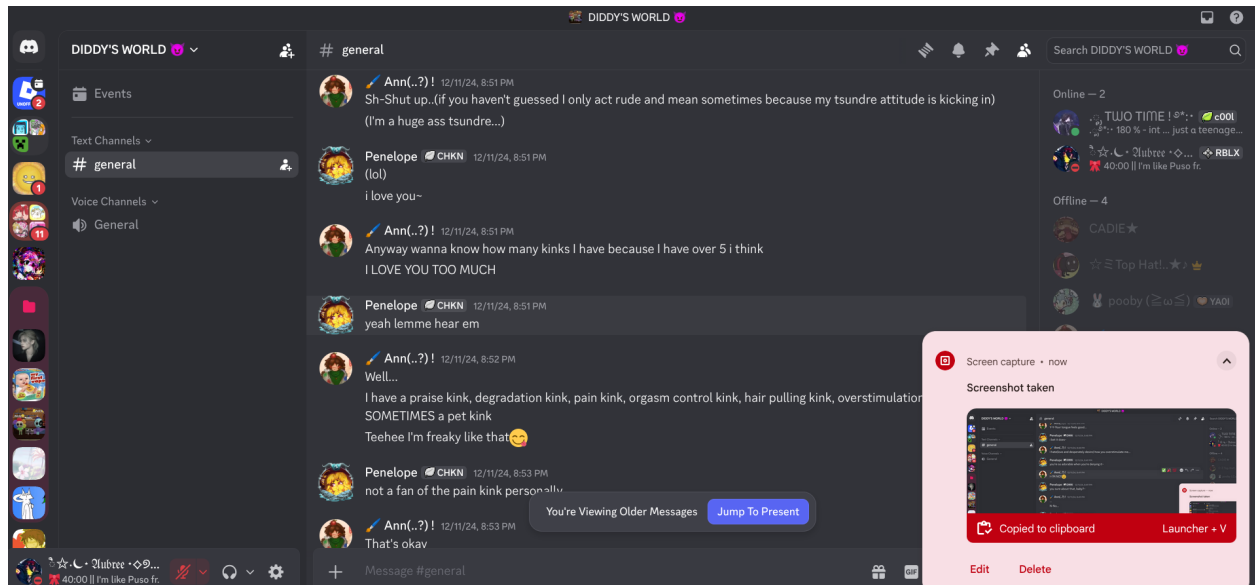

After 4 months of us dating, he told me his girl best friend was gonna tell me something. I said "oki!" and she, that we'll call Mimi, told me that he didn't love me at all, and obviously liked her for months, during and even before our relationship. She felt bad for me. I was heartbroken, but then I realized all he did. When I sexted him back and thought it was normal and just reciprocated love. I didn't think much of it at the time. He used me for his own pleasure, didn't actually love me or care about me at all, and apparently didn't want to hurt my feelings by rejecting me so he said yes to being my boyfriend. I wouldn't even be hurt, I would understand! I wouldn't be angry or extremely sad, we could have just stayed friends. I didn't force him into anything, he could have said no. I just asked him if he liked me, I didn't ask him if he wanted to be my boyfriend or anything. He had the option to say no, the biggest option to say no. I wouldn't have forced him into anything either way. I then found out by her that he was 16, which is a 4 year age gap. Mimi was 22, and obviously didn't like him back because she's not a pedophile. We both agreed that he was weird as hell and clingy towards her. I don't know if anything he did was grooming, considering how he didn't know my age.

(7/31/26) I do agree that saying no or rejecting someone/something is harder or easier depending on the person, but he was older than me. He was 16 years old, 2 years from being a legal adult. He was mature enough to make a simple decision such as saying no, or he could have blocked me, unfriended me, changed the subject, or just not answer the question. He was old enough to know that he shouldn't start dating someone that he didn't know the age of.

*Keep in mind that I thought sexting was normal in relationships, and at the time I enjoyed it. I was easily manipulated because of my young age and undeveloped brain. Although, the things said are also..definitely an eye-sore to read....*

*BONUS(s) 2 – MORE PHOTO EVIDENCE, provided by Kade and my phone account, and possibly his own words (get these later)*

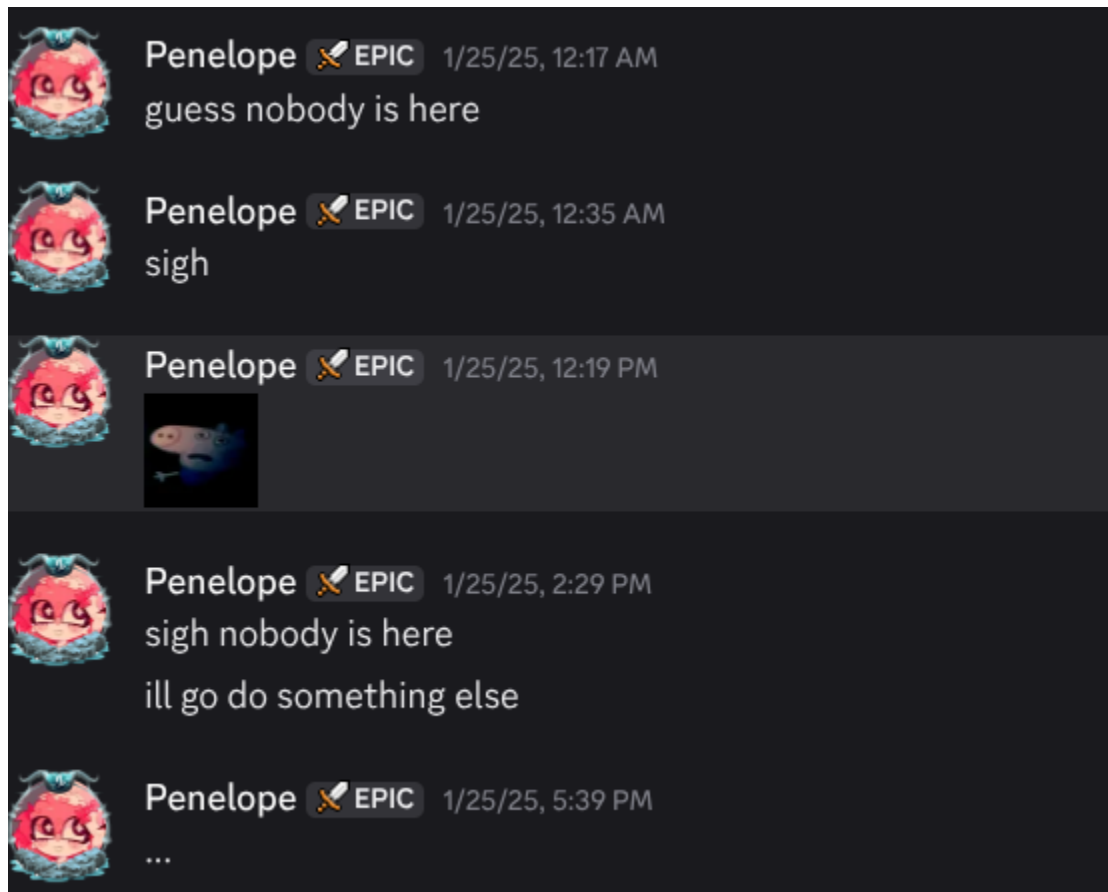

( 🌸 ) - hello !! <3 It's Kade ! Um yeah it's my time to talk now , huh ? Ok , so !

I met Pikamunch around the time Cadie did , obviously . We were all in the same run . He had been getting ... quite weird with my sister , and despite realizing how gross that was , I said nothing at the time . By that time we had all started chatting in discord . I was never involved with the sexting before and after they started dating , more like a witness . Pika had shifted conversations that were not even sexual in the slightest into sexting , or would get mad at just funny arguments . I trusted him , and I was foolish . I comforted him a lot , but when it was with me he barely responded . More like just brushing me off as if I wasn't important . My sister suffers from a lot of issues , including sexual trauma and has fallen for manipulation on multiple occasions . It makes me sick that he turned out to be the thing he swore he'd protect her from .

( 🌸 ) - Reading through that gc , I noticed that every time we didn't respond fast enough , or not respond due to being busy ( mind you , we had told him multiple times in advance that if we don't respond we're busy or asleep ) , he would immediately start making assumptions or get upset that we were “ ignoring him . “ I had told him that we were busy with our life , and despite knowing this , he always jumped to the conclusion that we were ignoring him . And if we were too busy ( god forbid I have homework ) he starts to threaten us with suicide .

In the photo above , I had told him we were busy and couldn't respond .
