ABSTRACT

Write down here your paper's abstract in one paragraph and in no more than 250 words. The abstract should contain (1) the background of the discussed issue; (2) the research purpose; (3) how the question is discussed in the paper or methodology; and (4) the main result of the discussion. Other important matters discussed in the paper that significantly contribute to the final result of the research may be noted here, but you have to consider, however, the limited space of the abstract. The abstract is written in two languages; English and Bahasa Indonesia, typing uses line spacing 1 or single, font size 10, font Garamond with the margins narrower than the right and left margins of the main text. The keywords need to be included to reflect the problem context of the research and the main terms that underlie the implementation of the research. The keywords can be one word or compound words. The number of keywords is 3-5 words.
