I don't draw/write

Note: This mostly doesn't apply to drawings I personally choose to draw by myself so don't say shit like "BuT I tHoUgHt YoU dIdN't AlLoW [insert thing on this list here]" if any such is published

- Gore (unless meant for comedy and is unrealistically cartoonish)

Songs I will not remix

- Any deep cut songs (very subjective, unless I personally approve of the song)

- Generally, I will not do songs by artists with very few streams and/or monthly listeners on Spotify. If possible, I could only do a short remix for \$10 but I have to approve the song first
 - This also means I will not remix songs made by you or any close friend
- AI songs
- Any songs by the following:
 - Melanie Martinez
 - Blood on the Dance Floor
 - Colleen Ballinger/Miranda Sings
 - D4vd

Things You Should Know

- **You must be 18 or older to commission me a drawing.** I will ask for some age confirmation before starting with the commission. This information will not be stored.
 - Please show any ID card with your birthday/age next to your Twitter/Discord/Reddit/Bluesky profile. Make sure to censor any revealing info before sending.
- Payment should be done with Paypal or Cashapp in USD, **UPFRONT**
- Refunds will be issued if I'm unable to complete the commission within 6-8 weeks, depending on the progress
 - Not started - Full refund
 - Half started - Half refund
 - Completed - No refund
- When DMing or emailing, **please state your intention to commission upfront.** Do not begin your messages with "hello," "hey," or any vague one word sentences as I will not respond
- Understand that I'm a college student with studying and other things going on in my life. Please do not rush me
- Please give as much detail in your commission as possible. If possible, send pose, prop, and/or background references. Even a rough sketch of what your idea of the commission is fine. Remember, SHOW, don't tell.
- Do not ask to draw any OC you don't own or any real, non-famous person (such as a friend, family member or pet), especially those in the art community, without their permission. I will ask the original user if they gave permission for you to send the commission
 - If I find out you made me draw someone's OC without their consent after it's posted, the request will be removed without refund and a block will be issued.
- Using my art for NFT/crypto or AI feeding will result in a block
- Please do not use my artwork for commercial purposes unless specifically commissioned for this purpose
- I reserve the right to refuse your request
- Continually ignoring these guidelines in your requests will result in a block
