FUNDRAISER BENEFIT FOR DOUG'S FIGHT AGAINST ESOPHAGEAL CANCER

Please join us for the first benefit fundraiser for Douglas Arment. Doug was recently diagnosed with an aggressive Esophageal Cancer. He is a Lancaster County native that loves spending time with his wife of 27 years and their three daughters. Doug loves riding his motorcycle, tending to his garden and making memories with his friends and family. Doug has a strong faith that is aiding in his fight against Esophageal cancer along with the surgeons, chemotherapy and extensive specialist care. In an effort to supply him with financial support to aid in these challenges, we are organizing a cornhole tournament and outdoor movie to raise funds to contribute to Doug's medical fees, and travel expenses to and from the hospital.
