

SJ:

Is it possible to respond from you <name>?

COMPLIMENT:

Firstly your website urbandayspa.ie how professional and modern it looks, my favorite part of the website is the price list (under the service section).

QUESTION:

Secondly, I would like to ask if you are active on Gmail.

AMPLIFY PAIN, MISTAKES + DREAM STATE:

The reason I'm asking this is that a good website and quality posts on Instagram aren't enough for you to get more visibility on social media and get people to book an appointment.

I have ideas that big Experts like Alex Horzmozi, Grand Candone, and Matt Bacak are using and helped a lot.

I want to share them with you because I see potential growth in your business and increasing your revenue.

FV:

That is why I got interested in your business and I created 3 emails for you as a gift from me to you.

You can use them in your newsletter for example or as Instagram captions.

DREAM STATE:

What I'm trying to say is that creating an email list with people, redirecting them to the sales page, and getting more visibility on social media WILL book you more appointments.

QUESTION TO MAKE THEM ANSWER:

Can I send them over?

Sincerely,

Michal

Is it possible to respond from you <name>?

Firstly your last speech my favorite speech was the one you post on Instagram 6 weeks ago.

And secondly, I would like to ask if you are active on Gmail.

The reason I'm asking this is that is not enough for people to buy spots for your webinars and executive coaching events.

I have ideas that big Experts like Alex Horzmozi, Grand Candone, and Matt Bacak are using and helped a lot.

I want to share them with you because I see potential growth in your business and increasing your revenue.

That is why I got interested in your business and I created 3 emails for you as a gift from me to you.

You can use them in your newsletter for example or as Instagram captions.

What I'm trying to say is that these ideas what I'm trying to share with you is something that BIG players are using and it is working.

Can I send them over?

Sincerely,

Michal
