

Time for Life - Paul Hawksworth

"The pace of modern life is relentless and I need to make time for the things and the people that matter"

V1

My life is rushing by, I'm spinning
Tied up and burning out, so dizzy
I know I try too hard but never fix it
I try to grab the sand but I'm slipping

Pre

I guess I never see it coming 'til it's knocking me down
I'm crying and I'm calling I can't seem to get out

Ch

I need time for life
Put the brakes on me tonight
I need to stop, I need to slow
'Cause a man like me can't take the load
I need to find my peace
Taste the air and breathe it in
Before it all goes flying by
Let's make time for life

V2

I know I've lost the sense, lost the meaning
I guess I've lost the heart of who I am
Climbing a mountain side that keeps on growing
And when I catch the time it's moving on

I know I can't lose sight of where I'm going
I need to find that sense of who I am

Pre

How come I never see it coming 'til it's knocking me down
I'm breaking and I'm falling I just need to get out

Ch

I need time for life
Put the brakes on me tonight
I need to stop, I need to slow
'Cause a man like me can't take the load
I need to find my peace
Taste the air and breathe it in
Before it all goes flying by
Let's make time for life

Br

If I miss it all, I'll regret it
I just can't go on thinking what if
Got to get my feet back on the ground
If I miss it all, I'll regret it
I just can't go on thinking what if
Take me in your arms tonight
Hit the lights, let's make ...

Ch

Time for life
Put the brakes on me tonight
I need to stop, I need to slow
'Cause a man like me can't take the load
I need to find my peace
Taste the air and breathe it in
Before it all goes flying by
Let's make time for life
