📘 Reselling Guide

🔑 How It Works

You buy something for low and sell it for high.
For example a $100 item but can be flipped for $300.
5 of those = $1,000 profit.

🛒 Where to Sell

https://www.ebay.com/ and https://mercari.com/ for online.
Offerup + Facebook marketplace for local sales.
All you need is to create a completely free account, list the item, and wait for the sale, no marketing needed, the platform does the marketing for you.

⚡ How to Resell Fast and Cash Out Fast

Run listing promo on ebay, turn it to 3%, meaning you give 3% of your sale to ebay, in exchange for them to boost your listings. Max 8%.

💰 Does This Reduce Profit?

No, you can actually increase the price of your listing to justify the cut you are giving ebay.
And you'd be surprised that people actually pay.
This is a want, not a need, so people are willing to spend money and not penny pinching.

😉Secret Easter Egg with crazy bonuses at the end, make sure you stay.

Not just "click bait", it's a sheet of more up to date + higher profit margin ($200+) flips + reselling secrets.

How Does It Work?
You get $32.2 cashback from Lyca and $42 from T-mobile, and you only spend $5 (Lyca) and $65 (First Month Data Plan), so you will actually profit $4 + $200 (Phone's resale).

1. Go to https://www.topcashback.com/lyca-mobile/ and buy the cheapest plan so you can get a number to port in.
2. Go to https://www.topcashback.com/metro-by-t-mobile, then search "Samsung A37", select "bring your own number", select the "$60 plan" and go to check out.
3. Now the phone will be completely free, just cancel both the phone number plan + the data plan and sell it on ebay.|

Info
You might need to call Lyca to get your number port out and complete the steps!

🚀 Next Steps

• Daily leads sent to your phone
• Online opportunities without needing to visit stores
• Guidance to consistently earn $5,000+ per month with reselling

This is only for those who want higher quality flips + leads that are sent daily to their phone that they can buy online without even walking into stores, is actually serious about adding at least $5k/month with this side hustle.
