

2 Peter 1 - Add love

Outline

v1

greetings

v2-3

everything we need to live, and to live a godly life, through the knowing of Him

v4

escaping temptation by His promises

v5-11

things that we need to have abundantly in us

v12-15

remind people of the important things while we can, and don't take for granted that we'll have more time

v16-21

the Bible was written by God, not cleverly contrived by humans, and the apostles are witnesses (**v16**)

Key v7

“And to godliness brotherly kindness; and to brotherly kindness charity.”

The final thing on this list that Peter says we should add to our lives, is “**charity**” (love). Like Peter, we should care about the people we have witnessed to, and have the love to try to follow up with them and help them grow in the Lord.

Application

v12

“Wherefore I will not be negligent to put you always in remembrance of these things, though ye know [them], and be established in the present truth.”

I'll set apart a time to go through my notes and look up contact information for people to follow up with.
