# What You Need to Know

**The purpose of readiness courses** is for students who would benefit from extra time in the classroom. Students who could use all around academic support and help in learning classroom routines and behaviors would be best served in a readiness class. Students will be recommended by their teachers, but they can also be registered by their parents.

**The purpose of enrichment courses** is for students to have fun and learn. All enrichment classes will include academic enrichment, but students will have fun learning about everything from hiking and recycling to Dungeons and Dragons!

## Interventions

Students who need interventions for reading or math this year will still be receiving the support. We will be asking classroom teachers to recommend students for interventions so we can help the right students the most. We have teachers working with specific grade levels this year, and we have support staff to help make sure our children are getting exactly what they need all summer long!

## WIN After School During the Summer!

We will be offering WIN from 12:00PM to 3:30PM at Herrman Elementary and Southside Early Learning Center for those students who are attending summer school in grades K-8. You will be able to choose to register your child for WIN during the pre-registration process that is required of everyone. **There will be no transportation at 3:30.**

## Swimming Lessons through Summer School

If you would like your swimming lessons to be paid for by the school district, please contact the Sparta Parks and Recreation Department or enroll online. **Registration dates are as follows:**

**Session 1: May 9-15, 2022**

**Session 2: May 16-22**

**Session 3 May 23-29**

There will be a cap to the number of students/sessions the school district can cover, so register as soon as you can. The Parks and Rec Department recommends registering online so you don't have to wait in line or wait for someone to answer the phone. If you are unable to do so, the phone number to call is (608)269-6322, and the address is 1000 E. Montgomery St. (Barney Center). Click [here](#) to access the Parks and Recreation summer flier (swimming lessons schedule on page 14) **There will be no transportation to swimming lessons from summer school.**

# AQUATIC CENTER

The [Sparta Family Aquatic Center](#) (SFAC) features a 6 lane, 50 meter competitive pool that is used for a variety of activities. The water park features a 290-foot inner tube slide that enters into a 57,000-gallon lazy river. The children's area has a zero-level entry, with other water features including a waterwheel-like tipping bucket and walking pads with ropes to swing from above.
