

No official Roster? No problem

There will be no formal Check-in process. However, the coach or manager must have the Signed Signature Roster (form in link below) on hand at all times during the tournament. At the request from tournament staff, the coach or manager must supply the required Signature Roster within ten (10) minutes, or the player and/or team in question will risk immediate disqualification from the tournament. This is non-negotiable

All rosters are handwritten. Just fill in the roster and bring it with you to each of your games.

All players must be registered with a US Soccer affiliated club for the 2025-2026 seasonal year.

Roster: [Official Team Roster & Release of Liability Form](#)

All you need to do now is show up for your games and have some fun playing soccer!

If you have players who are not currently affiliated with a club for the 2024/2025 seasonal year, they will need to direct register in order to be tournament compliant.
