

Email 1: Introductions

Subject Line: **How to become a seasoned golfer as quickly as possible**

Welcome(Name)

If you are reading this, you want to improve but don't know how.

You have probably tried many different things and none of them have yet to work.

Within the next few days, I will teach you how to improve for free.

But if you can't take this course seriously, then this course isn't for you. **YOU MUST COMMIT.**

If you do decide to commit, I promise you will quickly see results in your game.

Dr. Michael O'Leary

Email 2: HSO

Subject Line: **The single most important email you will ever read**

Imagine having that enjoyable moment with your friends, without having to worry about how embarrassed you will be when they see you tee off.

This email will change your life for the better and turn you into a **pro**.

My name is Micheal O'Leary, and until recently, I was your basic "hacker."

I had a love/hate relationship with golf. Some days, I'd be driving like a pro, maybe even flirting occasionally with par while the next afternoon my game would absolutely go all to hell.

Until I ran into Milt Wallace, in a few short weeks my life changed forever.

I saw a 110%improvement.

I had infused my swing with so much new power.

The most sought-after golf teacher in the country and I then partnered up to teach this revolutionary new method.

Here is the first of 2 **FREE** lessons.

Email 3: PAS

Subject Line: **Are you happy with your golf performance?**

Are you worried that you will suck at golf forever if you don't make a change NOW?

If you are tired of hitting the ball short of the green everytime then you need to learn this strategy that will guarantee your success.

Did you know 90% of golfers don't know this secret to hit the ball farther?

The quickest way to boost your golf performance.

Better than paying for an overpriced golf instructor this method will make you look like an advanced golfer.

The ultimate change you can make to your golf swing that will make you look PGA ready.

Here is the second lesson.
