

Commissions TOS & Prices

Read carefully before putting up a commission inquiry!

You **need** to be 18 years or older to commission me. No exceptions!

Payment

Currently PayPal only. Process via PayPal invoices.

Images:

50% down payment before I start work. Full payment after completion and before rendering.

Animations:

50% down payment after the early rough blocking stage. Full payment after animation completion and before rendering.

Changes

Changes to poses etc. can be discussed in early stages. Big changes in animations will have an upcharge based on complexity. No changes when an animation has reached the render stage.

I will send frequent WIPs that the client is asked to approve before the commission moves on.

Refunds

I reserve the right to cancel a commission at any given time. If I cancel the commission on my end I will offer a full refund of any payment up until that point.

If the client cancels I will give a partial refund based on the work already done.

Inquiring a commission

Please check the commission status in my Trello ([Link](#)). If the status says "Open" please use the commission form ([Link tbd](#)) to inquire about a commission. Fill out the commission form carefully and feel free to give more detailed information where necessary.

Note: This is not first come first serve! Pitch me your idea and I will choose the inquiries that spark my interest the most. Check my gallery and my favorites on FurAffinity ([link](#)) to get a sense of the content that I enjoy.

CRIMSON CREATURE CREATIONS

Communication

After I accept a commission I will begin to further discuss details with the client. Communication may be done via e-mail or Discord. For other communication platforms, please ask.

There will be multiple WIPs during the commission process. The client is asked to approve poses, background scenes, animations etc. before moving on.

The client needs to respond to questions or WIPs within 48 hours - after 48 hours I will make decisions at my own discretion.

Deadlines

I do not work with deadlines. However, I aim to deliver commissioned work within 1-2 months after acceptance (I do not promise any turnaround times).

In case a commission may take longer than that I will discuss further steps with the client.

About 3D models

In case the commissioner requests their own character to be featured, they need to provide a **fully rigged model as a .blend file**.

For animations the models are required to feature an **IK rig**.

The model files (.blend) need to be sent to me before I can start work.

I treat every model with respect, will only use it for the negotiated commission piece and will never share a model with anyone else. If requested by the client I will also delete the model file from my hard drive after completion.

Note: I neither create nor customize premade models for the client.

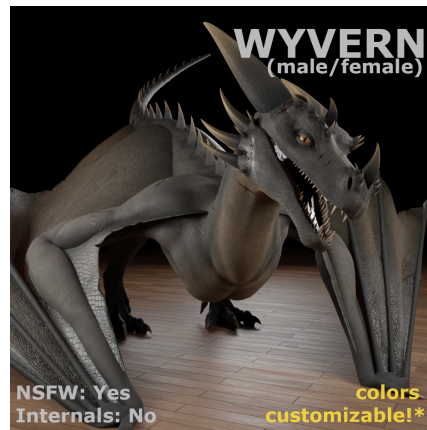

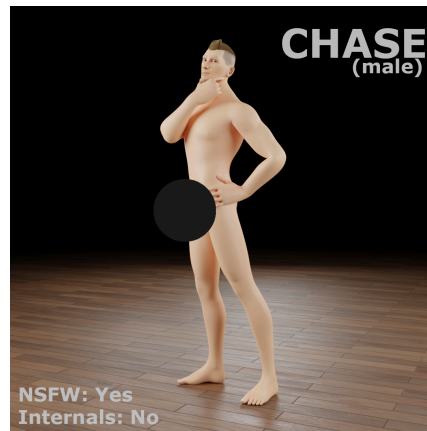

CRIMSONCREATURECREATIONS

Available models (page 1)

If the client does not own a custom model, they may pick models from the selection below.

*some models allow for color customization on existing textures (i.e. no custom markings)

I do not offer paid commissions with any copyrighted models (like video game models or movie characters).
