(Reza) DevNexus Sponsorship

- Consensus is to move forward.
- Foundation will be responsible for paperwork, materials and logistics.
- Clark is already engaged.
- Working group to help formulate any material and staff booth.
- Will likely entail further funding for swag, etc. Budget decisions to be made later. Actual sponsorship is free so no budget decision.

----- The following is "Live Hangout" discussion

(Emily / BJ Hargrave) Semantic Versioning

- If updating a dependency, does this require a major version?
- BJ: Depends if this forces an API change. API change = Major. If it is an implementation detail, then not a major change (minor or service release)
- If upgrading Java version (e.g. from Java 8 to 21), does this require a major version release?
- Will continue the conversation in 2024.
