

JUNGMAN

STEM MAGNET SCHOOL

October 19, 2025

Dear Jungman Families,

We know that recent immigration enforcement activity in Chicago has created fear and uncertainty for many families across our community. As a school, our top priority is always the safety and well-being of our students, families, and staff.

We want to reassure you that Jungman follows all Chicago Public Schools (CPS) visitor and safety protocols. These procedures are designed to protect our students and staff while ensuring we act within the scope of the law and district policy. Our Visitor Protocols are posted on our main doors and included below for your reference.

Our primary responsibility is the protection of our students and staff. If federal law enforcement activity were to occur on school grounds or on the same block as the school, we would notify the CPS Safety and Security team, quickly and calmly bring students and staff inside, secure our doors, and wait for further guidance from CPS.

Given the nature of these situations, however, it's important to recognize that events may unfold differently each time. There may be moments when school staff must make real-time decisions that best align with CPS guidelines and directives. We will always act in the best interest of student safety while remaining within those boundaries.

We know that some community members have joined or organized neighborhood watches, alert groups, or other independent efforts in response to recent concerns. While we recognize that these actions come from a place of care and solidarity, at this time Jungman is not sanctioning or participating in these activities. As a CPS school, we must operate strictly within district policy and legal parameters.

I want to take a moment to applaud our community for stepping up and looking out for one another. Your compassion and commitment are what make Jungman such a special place. However, please understand that the school cannot take responsibility for actions or community efforts that are not CPS-sanctioned or formally approved. These kinds of independent activities, while well-intentioned, may create unintended challenges for the safety and consistency of school operations.

We also understand that this is an emotional and sensitive issue. Families may have questions or need a safe space to share concerns. If you or someone you know feels anxious, uncertain, or has questions about safety, please do not hesitate to reach out directly to the school. You can contact me or any member of our leadership team so that we can listen, provide accurate information, and connect you with appropriate supports.

JUNGMAN

STEM MAGNET SCHOOL

Our goal is to maintain a calm, supportive environment for all students and families. We recognize the strength and resilience within our community, and we deeply appreciate everyone's commitment to keeping Jungman a welcoming and safe place for all.

Thank you for continuing to work in partnership with us as we navigate these complex times with care, respect, and unity.

With appreciation,

Ms. Luzzi
