

Siskiyou Climate Collaborative Meeting

March 1, 2024

10:00 a.m. - 11:00 a.m.

I. Trust Building

- a. What do we need for collaborative climate at the county level?
 - b. What do we need to deepen our work/building momentum?
 - c. How might we build trust across the county?
- How might we invite the served population to the table? (Wendy)
 - How might we ask/include the people who are affected? (Wendy)
 - How might we be where the most vulnerable/impacted are? (Wendy)
 - How might we phrase our goal to those who do not respond positively to the term climate? (Grace)
 - How might we explore restoration? (Emma)
 - How might we spend more time together and launch? (Kory)
 - How might we start popping up in a lot of places and ways to receive input? (Kory)

II. Thoughts on Shared Governance: *Community Peer Learning Sharing*

[Shared Governance Session Recording](#): The passcode is gQ^C30sY

- a. Establishing rules/a decision making process/**consent vs. consensus**, committees
- b. A shared governance document. Our technical assistance will help.
- c. NCRP provided a case study.
- d. A membership structure (everyone can be in the membership); partners group provides the governance side.
- e. Story gathering, shared spaces, connection.
- f. Agreeing as a group, for how we want to make decisions.
- g. Shared governance is ongoing; it takes time.
- h. Navigating tough decisions through shared governance to guide.

III. Subcommittees

A. Climate Resiliency Plan

Headings/Subheadings, RFP, Inventory of Priority Projects, Pilot Project/Activities

Committee Members: Grace Woodmansee

Committee Members: Neva Gibbons

B. Community Engagement Plan

Timeline, Budget, Communities of Focus, Pilot Project/Activities

Committee Members: Justi Hansen

Committee Members: Wendy Zanolli

C. Shared Governance

Why/ How Pilot Project/Activities

Committee Members: Emma Morris

Committee Members: Rod Dowse

D. Funding Readiness

Opportunities/ Technical Assistance/Pilot Project/Activities

Committee Members: Nathan Johnston

Committee Members: Kory Hayden

IV. Logo Decision

Committing to the design and relaying edits. Sending a vote to everyone, to serve as next steps.

V. Looking Ahead

- Virtual [Rural Capacity Climate Readiness Workshop](#), March 27th 1-2:30pm
- In-Person Peer Learning in Sacramento, April 30th
- Recurring schedule of SCC Meetings (April/May/June in-person)
- First Thursday 1:30-3:00pm Recurring, starting April 4th

VI. Helpful Links

- Our shared [hop on thoughts](#) from December will be foundational to our subcommittee work.

Table

Conversational Links

\$72 million in projects along the Klamath River; tribes & farmers will guide

The coalition will issue a letter (soon) identifying priority restoration projects that could be completed within one to two years and be funded with existing federal or state programs.

Understanding the EPA Community Change Grant

The EPA Community change grant might provide one model to strive for, for climate community readiness. The EPA Community Change Grant mirrors the SGC's Transformation Climate Communities Grant.

Anticipated Project Outcomes from 8 TCC Implementation Grants over 5 Years (2019-2025)

SOURCE: STRATEGIC GROWTH COUNCIL

GOPR Extreme Heat and Community Resiliency Grant

This funding offers small and large planning grants, and small and large implementation for heat related initiatives/projects.
