**Enemy Within: Volume 2** is a fanzine focused on the *League of Legends* champion **Kayn**, the Shadow Reaper. This is the second volume. Fanzines or “zines” are anthologies of writing and artwork, in which this project will be centered around **Kayn**!

## ◇ What are the zine’s specs? ◇

This project will feature a **physical A5 zine with physical merch**.

## ◇ Is this zine for profit/charity/free? ◇

This zine will be **for charity**. Contributors will vote on a charity for all proceeds to go to once the creation period begins.

You sure can! You may not be accepted for more than one role, but you can certainly apply for multiple.

**General guidelines:** Any genre is allowed, but all samples must be **SFW**. At least one of these sample pieces must be League of Legends related.

◇ **Writers** should submit **three samples**, each ranging from 1,000 to 3,000 words. One of these samples must be a completed work; the other two can be excerpts from longer works. Individual samples may exceed 3,000 words as long as your combined samples **do not surpass 9,000 words**.

◇ **Artists** should submit **three samples** demonstrate their ability with composition and colors. You may provide an additional portfolio for more examples.

◇ **Merch artists** should submit **three samples** that showcase art that can be used as physical merchandise such as prints, stickers, charms, buttons, etc. Please note in your application what type of merch you are interested in creating.
