News from the Nest Monthly Community Update: January

With the weather finally starting to appear to be breaking, we are excited to be officially well into the Spring Semester of the 2024-2025 School Year. As always, please reach out to my office anytime if you or child have any questions and know that I am here to serve the community and am grateful to call this place home. My email is gahall@easternlocal.net and my office number is 740-985-3329.

Guidance and Schedules: Currently, any parent wishing to discuss schedules or counselor based questions including scholarships is to reach out to myself or Katie Williams (kwilliams@easternlocal.net). CCP students still need to continue to do monthly check-ins, and are to reach out to Mrs. Williams regarding times.

Graduation: In order to better accommodate students and families, graduation has been moved from May 25th (The Sunday Before Memorial Day) to Sunday, May 18th at 2pm. More information about graduation will be given to seniors and parents at the meeting on February 20th. Please reach out with any questions. This has been communicated with students and parents earlier on in the year and is updated on the school calendar on the website.

Attendance: Students have continued working towards our annual goal of 93% in attendance for the building for the year. A student climate survey has been shared and many students have indicated that they would like to have better student-engagement activities at school at the high school and junior high level as a support/ encouragement. Currently we are looking at adding possible extracurricular school clubs including a possible esports club. We will also be planning and hosting a family/community engagement event this Spring. Any parents or community members wishing to be part of a community engagement board can reach out to me at gahall@easternlocal.net. The goal of the community engagement night would be to provide 7-12 students and families with the opportunity to come into our school and participate in different activities including games, movies, and other family fun activities. Any suggestions are always welcome, please feel free to reach out anytime.

Communication: A major goal this year districtwide and for the high school building has been increased communication with students, parents, staff, and other stakeholders. Please feel free to reach out anytime with any questions and know we are here to support your child to the fullest extent possible. Our goal is for every student to leave Eastern having found their "E" and have a successful plan for gainful employment. Career education is a focus point across all grade levels and if you or your organization would like to come in to speak to our students about career opportunities in our area, please let me know.

With Tremendous Appreciation,

Garret Hall

Principal, Eastern Junior-Senior High School
