

Hi Vincent,

I just came across your Instagram post from April 12th – that Mohawk fade looks sharp! You've got serious talent, and I'm sure your clients love it.

I also noticed you don't have a website linked in your bio. A website could be a game-changer for you – not only by increasing online bookings but also by building your brand and making it easier for potential clients to find and trust you.

I've helped barbers like yourself increase their profits with a professional site. Here's a quick example of my work: (WEBSITE LINK).

Without a website, potential clients searching for a barber in your area might not even know you exist or could be booking with someone else.

Let me know if you're interested.

Best regards,
Jaxon
