How to help more people Fast Start Qualify

Increasing the # of FSQs takes posture... An attitude that sets a standard and says:

"If you join my team, you have to FSQ within your 1st [72 hours]... Im going to do most of the talking, you'll do the introducing, and we're both going to earn our bonus within 72 hours and you'll be qualified before you attend Fast Start Class. Do we have a deal?")

A. Ask and find out the real reasons why your new associate wants to be successful in LegalShield, what they want to earn, and how many hours per week they can contribute.

.

B. Build a list of your new associates most supportive people who love them and find out 2 or 3 things your new associate admires about each of them.

C. Call their most supportive list with them first, compliment the supportive person based on what your new associate said about them, share your new associates real reason why, confirm that their willing to support, and schedule a time for them to see a presentation right away, followed by a 3way call with you.

Remember the formula "10 = 2 & 1"...

Show 10 new people, enroll at least 2 members & 1 associate. Repeat this activity weekly yourself and with your team to FSQ, go Manager, & PCQ monthly.
